THE UNIVERSITY OF MARYLAND SCHOOL OF PUBLIC HEALTH, COLLEGE PARK, MD

July 2014-July 2020

Lecturer

Hours per week: 15

- Taught graduate level Health Law and Ethics course.

THE UNIVERSITY OF MARYLAND FRANCIS KING CAREY SCHOOL OF LAW

August 2017-Dec. 2017

Lecturer

Hours per week: 20

- Taught graduate level Public Health Law course for Master of Science in Law program.
- Advised students on capstone projects.

THE CENTER FOR HEALTH AND HOMELAND SECURITY, Baltimore, MD

March 2010-July 2012

Law and Policy Analyst, Baltimore City Health Department (BCHD)

Hours per week: 40

- Developed and implemented an emergency response training program for BCHD staff.
- Created and executed a series of exercises for state and local government, hospitals, and Federally Qualified Health Centers that addressed a range of public health emergencies including pandemic influenza and aerosolized anthrax.
- Reviewed, evaluated, and updated Baltimore's City Readiness Initiative plan and Mass Casualty plan.
- Conducted outreach to coordinate emergency planning and training efforts of response partners.
- Trained local nursing homes and assisted living facilities on requirements of state emergency preparedness regulations.

Law and Policy Analyst, Regional Catastrophic Preparedness Grant

Oct. 2009-March 2010

Hours per week: 40

- Developed and implemented a study for state agencies in Maryland, Virginia, and Delaware that evaluated the resources needed to support essential emergency response capabilities.
- Analyzed resource data and drafted memorandum identifying each agencies emergency capabilities and resource gaps.
- Developed and fostered partnerships with the private sector to bridge identified resource gaps.
- Researched tort liability for emergency responders and emergency volunteers.

VENABLE LLP, Baltimore, MD

Sept. 2008-May 2009

Commercial Litigation Associate

Hours per week: 75

- Drafted motions, discovery requests, and discovery responses in commercial litigation cases.
- Prepared internal memoranda providing legal analysis for supervising attorneys in areas including civil procedure, federal rules of evidence, contracts, and utility regulation.
- Conducted document reviews and document productions.
- Assisted in the preparation of expert witnesses for deposition.
- Compiled privilege logs.

Summer Associate

May 2007-Aug. 2007

Hours per week: 50

- Researched and wrote an appellate brief for the Court of Special Appeals of Maryland.
- Prepared internal memoranda providing legal analysis for supervising attorneys in areas including civil procedure, consumer protection, contracts, tax, and employment law.
- Conducted document review in preparation for litigation.

UNIVERSITY OF MD SCHOOL OF LAW TOBACCO CONTROL CLINIC, Baltimore, MD

Jan. 2008-April 2008

Clinical Student Hours per week: 20

- Drafted written testimony for proposed state legislation regarding the taxation of tobacco products.
- Testified before the Economic Matters Committee of the Maryland House of Delegates regarding tobacco legislation.
- Advocated for proposed legislation with community members and Maryland House of Delegates.

CIRCUIT COURT FOR HOWARD COUNTY, Ellicott City, MD

May 2006-Aug. 2006

Judicial Intern for the Honorable Richard S. Bernhardt Hours per week: 20

- Performed research in areas including civil procedure, torts, contracts, property, and criminal law.
- Evaluated party motions and drafted written recommendations based upon research of relevant statutory and case law.
- Prepared summaries of legal arguments from motions, pleadings and relevant law.
- Observed Judge Bernhardt presiding over motion hearings, bench trials, and jury trials.
- Assisted retired Circuit Court judges in supervision of settlement conferences.

AMERICAN RED CROSS (ARC) OF THE NATIONAL CAPITAL AREA, Silver Spring, MD

May 2005-July 2005

Interim Executive Director for the Montgomery County Office Hours per week: 50

- Supervised daily operations and collaborated on regional planning and implementation of disaster preparedness objectives.
- Represented Red Cross with government, donors, and community groups. Advised local businesses in creation of business disaster plans.

Upcounty Service Center Manager in Gaithersburg

July 2002-May 2005

Hours per week: 50

- Planned and executed the creation of a new office; supervised daily operations.
- Represented ARC at County Emergency Operations Center and on the County Shelter Task Force.
- Collaborated with local government and community organizations to promote Red Cross services.

AMERICAN RED CROSS MONTGOMERY COUNTY CHAPTER, Silver Spring, MD

Sept. 2001-July 2002

Director Health and Safety Services Hours per week: 60

- Negotiated corporate training contracts.
- Managed safety training programs and increased participation in curriculum by 15% over previous year.
- Served at Pentagon for 9/11 disaster relief operations.

Director Volunteer Services

July 2000- Sept. 2001

Hours per week: 50

- Conducted volunteer recruitment and recognition and recruited 237 new volunteers, increasing standing volunteer pool by 36% in one year.
- Managed a volunteer pool of over 900 volunteers and implemented a new volunteer tracking system.

MOTHER OF GOD SCHOOL, Gaithersburg, MD

Aug. 1999-March 2000 *Math and Science Teacher*

Hours per week: 70

ANGEL MEMORIAL ANIMAL HOSPITAL, Boston, MA

July 1997-July 1999

Clinic and Pharmacy Technician

Hours per week: 35

Tufts University, Medford, MA

B.S. Biology, *cum laude*, 1997; GPA: 3.59,

- Study Abroad program: **Murdoch University**, Western Australia

Mathew Swinburne-CV Addendum: Select Cannabis Law and Policy Work

Category of Work	Client or Resource	Description of Work and Completion Date
Contract	Maryland Medical Cannabis Commission	Provide legal research services on a broad spectrum of cannabis regulatory issues to prepare for 2023 legislative session and to assist in the development of emergency regulations. Track cannabis legislation for Maryland's 2023 legislative session. Host a cannabis law and policy conference. Conduct education sessions on critical regulatory issues and Maryland's cannabis legislation. (Ongoing)
Contract	Hennepin County Health Department	Analyze Minnesota's cannabis legalization bills and help client identify their legislative priorities. Conduct education sessions for local public health departments and state legislators. (Ongoing)
Resource-Collection of State Surveys	Cannabis Regulation Resource Collection	Created a collection of legal epidemiological studies that address a broad spectrum of state regulatory issues including packaging, product design, potency restrictions, labeling, home cultivation, zoning restrictions, social consumption sites, advertising, and youth access. Two new resources are under review and will soon be added. These resources address (1) the protection of medical cannabis inventory during the transition to an adult-use market and (2) social equity partnership programs. (Ongoing)
Resource-State Survey	Adult-Use Cannabis Social Equity Tool Kit	Conducted a legal epidemiological study of the policies used by states with licensed markets to create a more inclusive adult-use cannabis industry. This survey focuses on ten policy variables: the population targeted by the social equity program, social equity goals, social equity leads, license priority, license preference, special license opportunities, microbusiness licenses, training services, financial services, and community reinvestment. (February 2022)
Resource-Policy Insight	Social Justice Policies in New York's Cannabis Legalization	This policy piece exams the social justice measures adopted as part of the New York's cannabis legalization law. The covered policies include decriminalization, expungement and resentencing, policy measures to increase diversity in the cannabis industry, and reinvestment in communities disproportionate impacted by the War on Drugs. (October 2021)
Resource-Policy Insight	Cannabis Voter Initiatives Meet Opposition in State Courts	This policy piece exams the legal challenges to cannabis voter initiatives in Mississippi, Montana, and South Dakota. These cases all revolved around

		different issues of state constitutional law. (August 2021)
Resource-Webinar	<u>Legal Protections to Prevent Discrimination Against Medical Cannabis Patients</u>	Hosted a webinar with two of my law students that addressed the discrimination medical cannabis patients are confronted with and the negative public health impacts of this problem. The webinar also addressed the varying legal protections provided by states to prevent discrimination against medical cannabis patients in the areas of employment, education, healthcare, and parental rights. (April 2021)
Resource-Issue Brief and State Survey	<u>State Laws Addressing Discrimination Against Medical Cannabis Patients</u>	Conducted a legal epidemiological study of anti-discrimination laws that protect medical cannabis patients in the workplace, education, healthcare, and with regards to parental rights. The results of this study were compiled into an issue brief that analyzes the negative impacts of this discrimination and the varying state legal interventions. In addition, a survey document was created as a simple reference for comparing state policies along key variables. (April 2021)
Resource-Policy Insight	<u>Cannabis and the 2020 Election: Americans' Changing Views on Legalization</u>	This policy piece explores the growing movement to legalize recreational marijuana at the state level and the legal mechanism utilized in this process. (December 2020)
Resource-Policy Scan and State Survey	<u>Marijuana Legalization Regulation of Cannabis-Infused Edibles</u>	Conducted a legal epidemiological study of state edible cannabis product regulations. The study focused on legal interventions that addressed the three primary public health challenges related to these products: attractiveness to children, improper dosing, and food safety. The research was summarized in a policy scan and a survey document. The survey document is a simple reference for comparing state policies along key variables. (August 2020)
Resource-Policy Insight	<u>Marijuana Delivery: California's Looming Legal Battle</u>	This piece examines the legal conflict surrounding California's regulations permit direct to consumer delivery of cannabis. (February 2020)
Resource-Policy Insight	<u>A Confusing Path Forward for Federal Regulation of Cannabidiol Products</u>	This policy piece examines the federal law surrounding consumer products derived from industrial hemp, following hemp's legalization as an agricultural product by the 2018 Farm Bill. (April 2019)

Presentation	Arizona State University: New College School of Mathematical and Natural Sciences	Presented on cannabis legalization, public health, and restorative justice as part of the university's guest lecture series. (3/16/2023)
Presentation	University of Maryland Baltimore	Served as the policy expert for the university's virtual town hall meeting regarding cannabis legalization in Maryland. (3/30/2023)
Presentation	Hennepin County Health Department	Presented on the Minnesota's cannabis legalization legislation and its public health impacts. (2/24/23)
Presentation	Maryland Medical Cannabis Commission	Presented on state approaches to the regulation of intoxicating products derived from hemp and THC isomers. (11/17/2022)
Presentation	Maryland House of Delegates' Cannabis Referendum and Legalization Work Group	Presented on the varying state approaches to increasing diversity, equity, and inclusion in the cannabis industry. (11/1/2023)
Presentation	East Side Health and Well-being Collaborative (MN)	Presented on Minnesota's medical cannabis laws and issues of social justice in the cannabis space. (5/26/2022)
Presentation	Food and Drug Law Institute	Presented on state diversity, equity, and inclusion laws for the cannabis industry at the organization's Legal and Practical Issues in Cannabis Regulation conference. (5/25/2022)
Presentation	Maryland Department of Health and the Maryland Legal Resource Center	Presented on the cannabis legislation introduced during Maryland's 2022 legislative session. (4/7/2022)
Presentation	Queen Anne's County Sheriff's Department	Conducted a training on Maryland's medical cannabis laws, various aspects of criminal law, and the cannabis legislation proposed during Maryland's 2022 legislative session. (3/11/2022)
Presentation	Maryland Prevention Works	Presented on Maryland's cannabis laws, Maryland's legislative process, and potential for adult-use legalization in Maryland. (1/4/2022)
Presentation	Maryland Alcohol and Tobacco Commission	Presented on state policies focused on increasing diversity, equity, and inclusion in the cannabis industry. (11/18/2021)
Presentation	Maryland House of Delegates' Cannabis Referendum and Legalization Work Group	Presented to the workgroup on state policy approaches to increase diversity, equity, and inclusion in the cannabis industry. (11/9/2021)
Presentation	Maryland Alcohol and Tobacco Network	Presented on the potential legalization of adult-use cannabis in Maryland. The presentation focused on the process, public health risks, local authority, cannabis delivery services, on-site consumption establishments, and safety regulations. (11/3/2021)

Presentation	New York State Association of County Health Officials (NYSACHO)	Presented on New York's new legalization statute and how it compares with other jurisdiction's approaches to cannabis regulation. (10/6/2021)
Presentation	The National Public Health Law Conference-2021	Organized a panel of experts to discuss social justice in the cannabis industry. The panel will discuss expungement, as well as diversity, equity, and inclusion. Spoke on the varying state approaches to increase diversity in the cannabis industry. This national event attracts approximately 500 public health practitioners from around the country. (09/23/2021)
Presentation	New Jersey Association of County and City Health Officials (NJACCHO)	Presented on New Jersey's new cannabis legalization law and how it compares to other state approaches to cannabis regulation. (9/16/2021)
Presentation	National Governors Association (NGA)	Presented to a group of attorneys and policy advisors representing the governors from over 30 states. The presentation covered social justice in the cannabis industry, restorative justice, local government's authority to regulate the cannabis industry, and taxation of the cannabis industry. (5/24/2021)
Presentation	(1) Prevention Works in Somerset County, (2) Prevention Works in Berlin, (3) Prevention Works in Crisfield, and (4) Pocomoke Drug-Free Community Coalition	Presented to a group of drug-free coalitions on the topic of cannabis regulation in Maryland and the potential impacts of the 2021 legislative session. (03/16/2021)
Presentation	Harford County Department of Social Services	Presented on the regulation of medical marijuana to a group of 60 social workers. The presentation covered the federal regulatory framework, Maryland's medical cannabis system, the regulation of edible cannabis products, and efforts to legalize adult-use cannabis in Maryland. (1/24/2020)
Presentation	Alcohol & Other Drug Abuse Advisory Council of Montgomery County, Maryland	Presented on the legal conflict between federal and state cannabis policy. (12/14/2019)
Presentation	Harford County Mental Health and Addictions Advisory Council (MHAAC)	Presented on the regulation of medical cannabis under federal and state law. (11/26/2019)
Presentation	Maryland's Legislative Workgroup on Marijuana Legalization	Presented an overview of the varying state approaches to key policy variables within adult-use regulatory systems. (08/19/2019)

Presentation	Maryland's Legislative Workgroup on Marijuana Legalization	Provided the workgroup with an overview of federal cannabis laws and federal enforcement priorities. (06/25/2019)
Presentation	Anne Arundel Medical Center	Presented on the basics of the federal and state regulation of cannabis, with a focus on employment and federal contract law challenges, to a group of hospital administrators and doctors. The hospital was in the process of reevaluating its policies with regards to employee medical cannabis use, physician certification of patients for medical cannabis, and patient utilization of medical cannabis while receiving care at the hospital. (6/14/2019)
Presentation	Maryland Commission on Civil Rights	The Commission sponsored a conference on medical marijuana titled "A New Frontier: The Evolving Legal & Policy Landscape of Medical Cannabis in Maryland." Moderated the cannabis science panel and presented on federal and state cannabis laws related to broad spectrum of issues including housing and employment. (5/21/2019)
Presentation	Maryland D.A.R.E. and Maryland's Police and Correctional Training Commission.	Conducted a day long training for 120 law enforcement officers on Maryland's medical cannabis laws and the legislative changes from the 2019 session. (4/17/2019)
Presentation	Drug Free Cecil County and the Cecil County Tobacco Task Force	Conducted a presentation explaining the regulation of medical cannabis in Maryland. (1/22/2019)
Technical Assistance	Queen Anne's County Drug Free Coalition	Provided an overview of the proposed cannabis legalization bills introduced in Maryland's 2022 legislative session and answered questions regarding these bills. (2/24/2022)
Technical Assistance	Delegate Karen Lewis Young	Consulted with Delegate Young regarding the legal employment protections provided to medical cannabis patients in other states and discussed policy arguments in favor of these policies. (2/11/2022)
Technical Assistance	Drug Free Cecil Coalition	Provided an overview of the proposed cannabis legalization bills introduced in Maryland's 2022 legislative session and answered questions regarding these bills. (2/10/2022)
Technical Assistance	Queen Anne's County Drug Free Coalition and Queen Anne's County Sherriff Department	Provided an overview of the public health challenges presented by products with non-delta-9 tetrahydrocannabinols and how these products are regulated under federal and state law. (2/4/2022)
Technical Assistance	Schuyler County (NY) Coalition on Underage Drinking and Drugs	Discussed issues related to cannabis grey markets. Addressed the issue of the legality of gifting cannabis

		in conjunction with another commercial transaction in New York. (1/24/2022)
Technical Assistance	House Cannabis Referendum and Legalization Workgroup- Delegate C.T. Wilson	Conducted legal research into the states offering licensing preference to African American farmers in their cannabis programs. (12/13/2021)
Technical Assistance	House Cannabis Referendum and Legalization Workgroup- Delegate Clippinger	Conducted legal research on and analysis of two social equity issues related to licensing of adult-use cannabis businesses: (1) the use of cannabis crimes as a qualifying metric for social equity status and (2) the use of racial quotas in the allotment of licenses. (12/13/2021)
Technical Assistance	National Governors Association (NGA)	Provided the NGA with data on the public health, public safety, and economic impacts of marijuana legalization. (7/14/2021)
Technical Assistance	Delegate Karen Lewis Young	Delegate Lewis Young was concerned with workplace discrimination against medical cannabis patients. Provided her with resources on state legal protections for medical cannabis patients in areas of employment, housing, healthcare, education, and parental rights. Discussed the varying state approaches to protecting medical cannabis patients from discrimination. (6/25/2021)
Technical Assistance	Maryland Public Health Association	Provided the customer with an analysis of the public health impacts of the two proposed legalization bills (HB 32 and SB709). (04/01/2021)
Technical Assistance	Queen Anne's County Drug Free Coalition	The coalition had questions regarding Maryland's legalization bills HB32 and HB708. Explained the bill's provisions related to local government control. (03/04/2021)
Technical Assistance	Long Beach Collective Association (California)	Provide the customer with an analysis and explanation of the case <i>County of Santa Cruz, et al. v. The Bureau of Cannabis Control</i> . This case dealt with a local government's authority to regulate and prohibit cannabis delivery companies within their jurisdiction. (1/11/2021)
Technical Assistance	Maryland Medical Cannabis Commission	Provided Director Tilburg with information on a broad spectrum of legal/policy issues related to the legalization marijuana to help him prepare for a meeting with state legislators. (6/12/2020)
Technical Assistance	Carroll Crest Homeowners Association	The customer was struggling with complaints regarding a resident's open marijuana use. Explained the laws regarding public marijuana use, private nuisance, and becoming a medical cannabis patient. (5/30/2021)

Technical Assistance	Harford County Department of Social Services	A social worker with the agency needed to know if a social worker could serve as a medical cannabis caregiver to one of their clients. Explained the state laws addressing caregiver qualifications, restrictions, and registration. Advised the individual to review the policies of her agency to see if they prohibited employees from providing this service. (1/31/2020)
Technical Assistance	Maryland Department of Legislative Services	Reviewed and updated a summary of federal marijuana enforcement policy that the customer was preparing for the state legislature. (1/27/2020)
Technical Assistance	Delegate Nick Mosby	Created a research memorandum for Delegate Mosby that addressed state policies focused on increasing social equity in the cannabis industry and economic opportunities for communities disproportionately impacted by the war on drugs. (11/19/2019)
Technical Assistance	Senator Waldstreicher	The Senator was interested in quantifying the impact of an automatic expungement measure for low-level marijuana offenses. Worked with the Administrative Office of the Courts to identify the process needed for such a measure, the potential impact, and the challenges it would face. (9/27/2019)
Technical Assistance	Maryland Public Health Association	Provided the customer with information on Maryland's medical cannabis system, with a specific focus on local authority to regulate. (9/5/2019)
Technical Assistance	Maryland Department of Legislative Services	Provided the customer with research on a variety of policy approaches to a broad spectrum of issues related to marijuana legalization. The topics included, but were not limited to, social equity, administrative regulatory structure, personal cultivation, personal use amounts, advertising restrictions, public consumption sites, marijuana delivery services, and local authority. (07/19/2019)
Technical Assistance	Maryland Department of Health	Provided the customer with information regarding the regulation of hemp and hemp products at the federal and state level. (07/01/2019)
Technical Assistance	Maryland Department of Transportation	Explained the federal and state laws related to employee drug testing for marijuana and the impact of hemp derived products on this process. (06/24/2019)
Technical Assistance	Maryland Medical Cannabis Commission	Participated in a workgroup to review and discuss the draft regulations for edible cannabis products. (6/11/2019)
Technical Assistance	1199 SEIU-United Healthcare Workers East	Provided customer with information on the Drug Free Workplace Act. They were concerned that receiving

		Medicare payments would subject an organization to the restrictions of this federal law. (5/21/2019)
Technical Assistance	Maryland Pharmacist Association	Answered questions regarding the legality of hemp derived CBD products and their sale at Maryland pharmacies. (4/18/2019)
Technical Assistance	Allegany and Garrett County Health Departments	Provided the customer with (1) an analysis of the 1st Amendment rights of cannabis businesses and (2) information on Maryland's advertising restrictions for cannabis businesses. (3/26/2019)
Technical Assistance	Cecil County Health Department	Discussed the state's enforcement authority for violations of cannabis regulations and local zoning authority as applied to the cannabis industry. The customer was also concerned about false health claims being made by local dispensaries. Informed them of the Maryland Consumer Protection Act's prohibition of these types of statements and put them in touch with the appropriate contacts at the AG's office. (2/12/2019)
Technical Assistance	Cecil County Health Department	Provided the customer with data on the number of certified patients in Maryland and the regulations pertaining to certifying medical providers. (02/04/2019)
Technical Assistance	The University of North Carolina Greensboro	Provided the customer with information regarding state regulations that address the incorporation of additional covered conditions into their medical cannabis programs. (09/08/2018)
Technical Assistance	Allegany and Garrett County Health Departments	Provided an explanation of state preemption of local cannabis regulations and provided an advisory opinion drafted by the MD Attorney General's office on this issue. (6/25/2018)
Technical Assistance	Allegany and Garrett County Health Departments	Provide information on the legal limits of medical cannabis product that could be dispensed at one time. (05/11/2018)
Technical Assistance	Allegany and Garrett County Health Departments	Provided research on the legal definition of a bona fide patient provider relationship, cannabis patient ID cards, the certification of pediatric patients, providing medical cannabis in schools, and dispensary reporting requirements. (2/12/2018)
