RE: REFERRAL TO SPECIFIC MEDICAL PROVIDER – A PROHIBITED PRACTICE

PROGRAMS AFFECTED: TEMPORARY CASH ASSISTANCE TEMPORARY DISABILITY ASSISTANCE PROGRAM MEDICAL ASSISTANCE

ORIGINATING OFFICE: OFFICE OF PROGRAMS

FIA has received reports that some Local Department of Social Services offices have inappropriately referred applicants to one specific provider for the completion of the Medical Report (DHR/FIA 402B) form. A customer’s continuity of care may be seriously disrupted when the customer is directed to a provider different from the customer’s established medical provider.

Local departments should not direct applicants to one particular provider over others. That practice may result in a Medical Report DHR/FIA 402B form completed by a provider unfamiliar with the individual’s medical history, or not completed as fully as possible, resulting in an incorrect eligibility determination. Some medical providers may enroll a patient in their practice as a condition of getting the DHR/FIA 402B completed, but when the individual becomes eligible for PAC or Medicaid this provider may be different than the PAC or Medicaid approved provider.

A customer who must have a DHR/FIA 402B completed, will also be given a cover sheet (See Attachment A) by the local office. The cover sheet will refer the customer to his/her regular health care provider. The local department must not give the customer advertisements for any provider nor staple such advertisements to the DHR/FIA 402B form. The local department may refer the customer to the DHMH hotline at 1-800-492-5231 for assistance in locating a provider in their area, or may refer the customer to the HealthChoice broker if one is stationed in the office.
