THE UNIVERSITY OF MARYLAND

Control of the University of Maryland is vested in a Board of nine Regents, appointed by the Governor and confirmed by the Senate for terms of nine years each. The general administration of the University is vested in the President. The University Council is an advisory body, composed of the President, the Assistant to the President, the Director of the Agricultural Experiment Station, the Director of the Extension Service, and the Deans. The University Council acts upon all matters having relation to the University as a whole, or to cooperative work between the constituent groups. Each school has its own Faculty Council, composed of the Dean and members of its faculty; each Faculty Council controls the internal affairs of the group it represents.

The University has the following educational organization:

- The College of Agriculture.
- The College of Engineering.
- The College of Arts and Sciences.
- The School of Medicine.
- The School of Law.
- The School of Pharmacy.
- The College of Education.
- The School of Dentistry.
- The College of Home Economics.
- The Graduate School.
- The College of Commerce and Business Administration.
- The School for Nurses.
- The Summer School.
- The Department of Military Science and Tactics.
- The Department of Physical Education and Recreation.

The Schools of Medicine, Law, Dentistry, Pharmacy, The College of Commerce and Business Administration, and the School for Nurses are located in Baltimore; the others in College Park.

HISTORICAL SKETCH.

The General Assembly of Maryland in 1812 authorized the College of Medicine of Maryland, founded in 1807, "to constitute, appoint and annex to itself, three other colleges or faculties, viz., the Faculty of Divinity, the Faculty of Law, and the Faculty of the Arts and Sciences," and declared that "the four colleges or faculties thus united, should be constituted an university by the name and under the title of the University of Maryland." In pursuance of this authority the University was organized in 1813, being one of the oldest chartered universities in America, coming eighth according to official figures.

While the first faculty of law was chosen in 1813, and David Hoffman was elected professor of law, and published in 1817 "A Course of Legal Study addressed to Students and the Profession Generally," which the *North American Review* pronounced to be "by far the most perfect system for the study of law which has ever been offered to the public" and which recommended a course of study so comprehensive as to require for its completion six or seven years, no regular school of instruction in law was opened until 1823. This was suspended in 1836 for lack of proper pecuniary support and on account of the small number of students who were able or willing to spend the time necessary, when admission to the Bar was of little difficulty, to take advantage of the course of Professor Hoffman whose ideals of legal education were far in advance of his times. In 1869 the Law School was reorganized, and in 1870 regular instruction therein was again begun. From time to time the course has been made more comprehensive and the Board of Instructors increased in number. Its graduates now number more than two thousand, and included among them are a large proportion of the leaders of the Bench and Bar of the State and many who have attained prominence in the profession elsewhere.

The lectures in this school, where all the professors were actively engaged either upon the Bench or at the Bar, have been mainly given in the afternoons. In order to afford deserving young men, who could not attend lectures except at night, the advantages of systematic instruction in preparation for the Bar, two other Law Schools were organized under charters granted by the State of Maryland, viz., the Baltimore Law School and the Baltimore University School of Law. These schools, both of which were doing good work and steadily advancing their standards, were consolidated under the name of the Baltimore Law School, on the first day of February, 1911, and in 1913 had an enrollment of 270 students.

With a view of still further elevating the standard of legal education in this State, and at the same time affording to every young

man, who has the requisite preliminary training, fitting him to successfully prosecute legal studies, an opportunity to properly qualify himself for the Bar, arrangements were made by which the Baltimore Law School has become merged into the Law School of the University of Maryland. On July 1, 1920, the University of Maryland and the Maryland State College were consolidated under the name of the University of Maryland, with a view to the establishment of a large State University with both undergraduate and professional schools.

Location, Building and Library.

The buildings of the Medical, Legal, Dental and Pharmaceutical Departments of the University of Maryland are all located at the corner of Lombard and Greene Streets, in the City of Baltimore. The law building, which adjoins the medical department, contains two large and two small lecture rooms. The large, pleasant library, maintained for the use of the students, contains numerous carefully selected text-books on the various subjects embraced in the curriculum, reports of the Supreme Court of the United States, the Federal Reporter, Lawyers' Reports Annotated, English Common Law Reports, Maryland Reports, volumes of leading cases, digests, statutes, etc., as well as works on English and American History and Politics and the tables are supplied with the leading Law Reviews. No fee is charged for the use of the library, which is annually growing in size and value by the addition of new volumes of Reports and text-books. The consolidation of the Law School with the Baltimore Law School has greatly increased the size and importance of the library, which now contains more than 6,000 standard volumes. No attempt has been made to duplicate the Library of the Baltimore Bar which the students of the Law School are, under certain conditions, permitted to use. The library will be open for the use of the students from 10 A. M. to 10.30 P. M. and a librarian will be in charge during those hours to assist the students in finding and using the books. The students will be permitted to use the books freely in the reading room, but will not be permitted to take them from the library under any pretext whatever, and any violation of this rule will be severely punished. As the books receive considerable handling through their frequent use, the students are requested to use them with care.

The Library of the Peabody Institute and the Enoch Pratt Free Library contain many works on the law which are available to the students without charge.

Course of Instruction.

The course of instruction in the Law School extends through three scholastic years of thirty-five weeks each, with an average of at

least ten hours of class-room work each week, and aims to present a general and complete view of the science of law, with reference not only to its growth by judicial exposition, but also to the principles which have been engrafted upon it by positive enactment. The course of study embraces both the theory and the practice of the law, and is designed to thoroughly equip the student for the practice of his profession, when he attains the Bar.

Scientific education is afforded in the principles of the Common Law, Equity, the Statutory Law of the State of Maryland and the Public Law of the United States.

Instruction is given by discussion of assigned cases and by lectures which will, until further notice, be delivered between the hours of 6 and 8 P. M. The School thus offers special inducements to young men who are engaged in offices or in business during the day and have only the evening hours for study. The Faculty Council, however, reserves the right to make such changes in the schedule as may hereafter be deemed desirable.

The Law School endeavors to uphold a high standard of legal education and it aims to give the student a comprehensive view of the whole field of the Law and particularly a knowledge of the fundamentals of American Law, in order to enable him to pass the examination for the Bar, if he has chosen the legal profession for his life work, or to fit him to properly care for his business interests, if he desires legal education merely as the accomplishment of the well-equipped man of business or man of culture.

The lectures are intended to present all the leading principles of the common law applicable to the subject, and the modification of the common law by statute, and to give illustrations of the application of the common and statute law. Special attention is given to the statutes in force in Maryland, and to peculiarities of the law in that State, where there are such; but the reason for these statutory modifications and local peculiarities are explained so that the student may in a short time acquaint himself with the local peculiarities of the law in any State in which he may practice.

Readings from text-books and adjudicated cases will be assigned on the subjects treated of in the lectures.

It will be seen that the full course of study extends over three years and as the Faculty Council is satisfied that students, who have not made considerable progress in the law before entering the Law School, would do themselves and the School an injury by attempting to graduate in a shorter period, no student will be permitted to receive the degree of LL.B. until after three full years of study at this school, or, if admitted to Advanced Standing, until after at least one year of residence and study at this school.

PRACTICE COURT

G. Ridgely Sappington, Director	
Thomas F. Cadwalader	} Associates
Edwin T. Dickerson	
Willis R. Jones	
George O. Blome.	
George E. Kieffner	
George O. Blome, Clerk	

The Law School endeavors not only to thoroughly equip its students with an accurate knowledge of legal principles, but also to train them in the application of that knowledge and fit them for the practice of the law. To that end, special care and thought are devoted to the conduct of the Practice Court, which is in session throughout the scholastic year.

The work of the Practice Court is designed to afford opportunity not only for the argument of law questions, but also for the preparation and conduct of a case through all its stages, as nearly as possible in accordance with the procedure in actual trial work. A set of Court rules has been adopted in accordance with which the students are required to prepare and file their pleadings and conduct their cases. Students are furnished with statements of facts, supposed to represent the claims of the respective parties to the litigation, from which they draft the necessary pleadings and prepare their cases for trial. They are thus enabled to familiarize themselves with the practical duties of court practice to an extent which the mere argument of mooted questions of law does not afford.

The cases assigned are such as to illustrate the principles involved in all the courses covered by the curriculum, particularly those of Pleading and Practice. The course extends through the Intermediate and Senior Years, affording two full years of Practice Court work. The Court sits in several divisions and cases are tried in each division.

The Court Clerk keeps the docket, Court records and papers filed in the various cases.

Attendance at all sessions of the practice Court by members of the Intermediate and Senior classes is compulsory. Students who are not engaged in the trial of cases at any session are required to decide the cases tried by others.

There is no examination in this course, the grade of the student being based upon the work done in the Courts throughout the year and his attendance. The grade thus attained by the student is treated the same as the grade given on examination in the other subjects.

Each student is required to satisfactorily prepare and argue at least two cases during the scholastic year.

The Practice Court meets every Friday evening during the session at 8 o'clock.

During the course, lectures are delivered by the Director on the method of examination of legal questions for oral arguments, preparation of briefs, practice, etc. The student is also given practical instruction in the use of law books by one of the Associates of the Practice Court, especially assigned to that work.

Requirements for Admission.

Applicants for admission to the Law School must present evidence of good moral character and if candidates for the degree of Bachelor of Laws, must have completed at the time of admission to the School a four years' High School Course or its equivalent.

The Faculty Council will consider that students are properly qualified for entrance as candidates for the degree of Bachelor of Laws who have received a bachelor's degree from any reputable college or university, or certificate of graduation from any of the Normal or High Schools of the State of Maryland, or other reputable institution of a similar character, or have certificates showing that they have passed the entrance examinations to one of the principal colleges or universities in Maryland or a college or university maintaining a standard equal thereto. In the absence of such degree or certificate, applicants for admission as a candidate for the degree of Bachelor of Laws must pass satisfactorily the entrance examinations on subjects equivalent to fifteen units, as rated by the State Board of Education.

Entrance Examinations.

Examinations for entrance to the next session will be held at the Law School Building beginning Monday, September 10th. Blanks for application to take these examinations will be furnished by the Registrar on request, and must be filed with the Registrar on or before Monday, September 3rd. An examination fee of \$5.00 will be charged, payable when application is filed.

The subjects embraced in the examination and the units allowed for each, are as follows:

English (including spelling, grammar, composition, and		
American Literature, four years).....	3	Units
History—		
United States History.....	1	"
English History	1	"
Modern and Mediæval History.....	1	"
Ancient History	1	"

Science—

General Science	1	"

Algebra	$1\frac{1}{2}$	"
Plane Geometry	1	"
Plane Trigonometry	$\frac{1}{2}$	"

Foreign Languages—

Latin, French, German or Spanish:

Equivalent to two years' work in High School..	2	"
Equivalent to three years' work in High School.	3	"
Equivalent to four years' work in High School.	4	"

Social Science—

Civics	1	"
Elementary Economics	1	"

Of the fifteen units required, the student must offer three units in English; two units in Mathematics; two units in Science; two units in History (United States and English); and two units in Foreign Languages. The remaining four units may be chosen from any of the subjects designated.

Registration.

All students are required when entering for each session to report at the office of the Registrar, located in the Law building, Lombard and Greene Streets, in person and enroll. Each student will receive a Class Card, stating his registration and payment of fees. This card will be necessary in order to obtain admission to the lectures. The date of enrollment for each session will be noted, and names not upon the register will not be placed upon the class rolls. The stipulated period of attendance upon the Law School for the purpose of graduation, and for insertion in the certificate required to take the examination for admission to the bar before the State Board of Law Examiners, will be calculated from the register, and the class rolls made therefrom.

The attention of all students is called to the fact that no registration will be allowed except by special action of the Faculty Council after the last day for registration as designated in the Calendar.

The Faculty Council reserves the right to require the withdrawal of any student from the School whose continued presence there would not, in the judgment of the Council, be of benefit to himself or would be detrimental to the best interests of the School.

Advanced Standing.

Students complying with the requirements for admission to the school who have, in addition, successfully pursued the study of law elsewhere in an accredited law school, may, upon presentation of a certificate from such accredited law school showing that the student has successfully completed equivalent courses therein, covering at least as many hours as are required for such subjects in this school, receive credit for such courses and be admitted to advanced standing. No credit will be given for study pursued in a law office, and no degree will be conferred until after one year of residence and study at this school.

Fees and Expenses.

The charges for instruction are as follows:

Tuition fee, per annum..... \$125.00

(This fee is applicable to new students registering for the term beginning September 17, 1923. The tuition fee for students who were registered for the session 1922-1923 and are going on with the Intermediate and Senior Courses remains as heretofore.)

The tuition fee is payable in two equal instalments, one-half at the time of registration for the First Term, and one-half at the time of registration for the Second Term.

There will be a matriculation fee of ten dollars charged and payable for each student at the time of matriculation and an additional charge of ten dollars to each graduate as a diploma fee.

Students who have attended the Law School but have failed of graduation, and who, as candidates for a degree, are required to complete certain courses, must register at the beginning of the term in which such courses are given, and pay a fee of \$10 for each course so taken. No student will be permitted to take the examination in any course without having registered and paid the fee.

Special arrangements may be made by members of the Bar, or others, not regular students of the Law School, for attending any particular part or branch of instruction at rates of charge in proportion to the above.

Opportunity for Attending Other Lectures.

All the courses upon History and Politics at the Johns Hopkins University are open to law students upon the payment of very moderate fees, and are given at hours which do not interfere with the attendance upon the lectures at the Law School.

Privileges, Courts, Etc.

There are ten Courts in almost continuous session in Baltimore during the entire scholastic year; the students have unusual opportunities to learn the law by attendance on the Courts and are advised to attend the Courts when they can conveniently do so, and to give careful attention and thought to the proceedings.

It has been the practice heretofore for students to form Quiz Clubs, composed of from five to ten members. They can, if properly conducted, be made very improving, and students are advised to form them.

EXAMINATIONS AND REQUIREMENTS FOR GRADUATION

GRADUATION—The Law School confers the degree of *Bachelor of Laws* on students of good moral character who have attended the course of lectures to all three classes, have attained the required standard at the examinations and in the Practice Court and have submitted to the Faculty Council a satisfactory thesis.

No student will be graduated unless he has passed all of the examinations in the Junior and Intermediate Years; or whose grade is less than 50 in any subject of the Senior Year; or less than 75 in each of two or more subjects of the Senior Year; or less than 75 in any subject of the Senior Year, unless his general average is 80 or more. Each examination is valued at 100, and a grade of 75 is required to pass.

EXAMINATIONS—Written examinations are held at the end of each term for each class on the subjects given during that term, and deficiency examinations in all Junior and Intermediate courses are held during the week preceding the opening of the fall term.

All students, unless excused by the Dean, must present themselves for examination in all subjects for which they are registered, at the first regular examination held therein. Students who have failed to pass the regular examination in a course offered in the Junior and Intermediate years; students admitted to advanced standing; and students who have been excused from taking the regular examination when given may take the deficiency examination in such courses.

Application to take the deficiency examinations to be held beginning Monday, September 10th, must be filed with the Dean on or before Monday, September 3rd. A fee of \$5.00, payable in advance, will be charged for each subject in which the deficiency examination is taken.

A student will be required to discontinue his course at the Law School at the end of the Junior Year unless he shall have passed the examinations in at least six subjects in the Junior Year.

No student of the Junior Year will be permitted to continue his course in the Intermediate Year unless he shall have passed the examinations in at least seven subjects of the Junior Year.

No student of the Intermediate Year will be permitted to continue his course in the Senior Year without first having passed all of the subjects of the Junior Year and the examinations in at least six subjects of the Intermediate Year.

No student will be examined more than twice in any one subject, and upon failing the second time in the examination in any one subject, will not be permitted to continue his course at the Law School.

Except by affirmative vote of the Faculty Council, no student will be permitted to take the examinations in any course unless he has attended at least seventy-five per cent. of the lectures therein.

In marking all examination papers, composition and clearness of expression will be taken into account.

THESIS—Each candidate for a degree must prepare a satisfactory typewritten thesis of not less than three thousand words on some legal topic to be selected by the Faculty Council. This Thesis must represent original investigation on the part of the student. In no case will a mere compilation of authorities be accepted. Theses must be handed in on or before April 1st of the year in which the degree is to be granted. Each writer must attach to it a sealed envelope containing his name.

The subject for the thesis for the next session will be given to the students in November, 1923. *The attention of the students is called to the fact that the Faculty will require a high standard of excellence in the theses.*

Honors and Prizes.

In the year 1924 two prizes of \$100 each will be awarded:

One to the student of the graduating class who obtains the highest average grade for the entire course, and one to the student of the graduating class who submits the most meritorious thesis.

Each year four students in the Practice Court are assigned, on the basis of their work in the Practice Court, to the Honor Case which is tried at the end of the year. The Alumni Association of the Law School offers a prize of \$50.00 to the student so assigned, who, on the trial of the case, has the best argument and manner of presentation.

Scholarships.

Mr. Louis S. Ashman, of the Baltimore Bar and an alumnus of the Law School, has assigned to the Regents all royalties to be derived from a law book about to be published by him under the title "Prayers and Instructions."

The interest from the fund thus established is to be used to provide a scholarship or scholarships carrying tuition only in the Law School for a student or students recommended annually by the Faculty Council as worthy to receive the same by scholarly attainments and the need of financial assistance in pursuing the study of law.

Scholarships will be awarded for one year only, but the same person may receive more than one award provided his scholastic work and influence in the School are such as to merit this distinction.

Until the royalties provide a fund the income of which shall be sufficient to equal the tuition fees of at least one student, Mr. Ashman will annually supply a sum equivalent to the tuition fees of one student.

The scholarship will be known as "The Louis S. Ashman Scholarship," and the award for the Session 1923-24 will be made before the opening of the fall term in September, 1923.

Admission to the Bar.

For the rules governing admission to the Bar in Maryland, see the Rules of the Court of Appeals at page 39.

Board.

Board can be had in the city at prices varying from \$8 to \$10 a week.

COMMENCEMENT.

The Annual Commencement for the session 1922-23 was held at the Lyric at 4 P. M. June 9, 1923, jointly with the other departments of the University. John J. Cornwell, LL.D. ex-Governor of the State of West Virginia, delivered the annual address, and Albert F. Woods, A.M., D.Agr., President of the University, conferred the degrees and awarded the prizes.

RULES

ADOPTED BY THE COURT OF APPEALS OF MARYLAND REGULATING THE REGISTRATION OF LAW STUDENTS AND ADMISSION TO THE BAR.—ADOPTED IN CONFORMITY WITH THE ACT OF 1898, CHAPTER 139, AND SUBSEQUENT ACTS.

FIRST.

All applications for registration of law students and for admission to the Bar shall be made by petition to the Court of Appeals. The petition shall be under oath and shall state:

(1) The full name, age, residence and place of birth of the applicant, and, if not born in the United States, whether he or his parents or either of them have been naturalized in the United States, and if so, the Court by which and the date of such naturalization.

(2) If the application be one for registration it shall state the preliminary education of the applicant, viz: the schools attended and the period of attendance in each; the degree or degrees, certificate or certificates received by the applicant, the date of receiving the same, and the school or schools by which they were conferred.

The petitioner shall file with his application a certificate from the Dean, Principal or other executive officer of the institution from which he received such degree or certificate, stating the course of study pursued by the applicant in such institution, the degree or certificate awarded him, and the date thereof. Such certificates shall be prima facie evidence of the facts stated in them.

The petitioner shall also file with his application a certificate from two reputable citizens stating how long they have known the petitioner and that he is not a person of bad or dissolute habits; but of good moral character, and that he has never, so far as known to the person certifying, been guilty of any criminal or disgraceful conduct.

SECOND.

If the petitioner for registration is unable to file with his application a certificate showing that he has completed a course of study at some university, college, high school or other school having a course substantially equivalent to a high school education in Maryland, he must submit to an examination to be held under the supervision of the State Board of Law Examiners.

The said Board shall meet in the months of June and November in each year and at such other times as the Board shall determine for the purpose of conducting such examinations.

The examinations herein provided for shall embrace the following subjects: (1) English (including spelling, grammar and composition); (2) United States and English History; (3) Mathematics (including Arithmetic, Algebra through quadratics and plane Geometry); (4) Physics; and (5) Geography.

THIRD.

The State Board of Law Examiners shall certify to the Clerk of the Court of Appeals the names of the Applicants who may be determined by the Board to be entitled to be registered as law students, under the provisions of the Statute and of these rules and the date as of which said registrations are effective.

FOURTH.

The Petitioner shall pay, at the time of filing his application, a fee of five dollars to the Clerk of the Court of Appeals for the use of the State Board of Law Examiners, to be applied by them in accordance with Rule 14 of the Rules regulating admission to the Bar.

FIFTH.

If the application shall be for a transfer of registration, the applicant shall in lieu of filing a certificate of his preliminary education, as required by Rule First hereof, file a certificate of his registration as a Law Student in the jurisdiction from which he removes, provided such jurisdiction shall have similar standards for registration as herein provided.

ADMISSION TO THE BAR.

SIXTH.

If the petitioner shall apply for admission as a member of the Bar of another state or of the Courts of the United States pursuant to Section 6 of Chapter 139 of the acts of 1898, the petitioner shall state that he is now an actual resident of this State, and shall further name the State in which and the Court by which the petitioner was admitted to the Bar, and shall also state that the petitioner has, for at least five years before filing his said petition, been engaged as a practitioner or teacher of the law or a Judge in such State. The petitioner shall file with his petition a copy of his license to practice, duly certified, or a copy of the Record of the Court in which he was so admitted, certified as required by law for the authentication of the records of the Courts of other States when offered as evidence in the Courts of this State.

The petitioner shall also file a certificate of a Judge of the State in which he was so admitted or a certificate from two members of the Bar of this State certifying how long they have known the applicant, and that he is not a person of bad or dissolute habits, but of good moral character, and that he has never, so far as known to the person or persons certifying, been guilty of any criminal or disgraceful conduct, and that he is, at the time of such certificate, a member of the Bar in good standing, and that he has been actively engaged as a practitioner or teacher of the law, or Judge, in such State for at least five years before the filing of his said petition.

(2) If the petitioner shall not apply for admission as a member of the Bar of another State, the petition shall further state:

That the petitioner has studied law in the office of a member of the Bar of this State or in a law school of the United States for at least three years, and that while so studying the law he diligently pursued the course of study prescribed in Rule 10.

The petitioner shall file with his petition a certificate from the member of the Bar in whose office he studied, or if the petitioner studied law in a law school, a certificate from the President, Dean or any instructor of such school, certifying that the petitioner has pursued under his direction for at least three years the course of study prescribed in Rule 10, and that the petitioner is not a person of bad or dissolute habits, but of good moral character, and that he has never, so far as known to the person certifying, been guilty of any criminal or disgraceful conduct.

The certificates hereinbefore provided for shall be prima facie evidence of the facts stated in them.

The petition shall be filed at least ten days before the day fixed for an examination by the State Board of Law Examiners.

SEVENTH.

All the applicants for admission to the Bar who are required by the Statute or Rules of this Court to take an examination for admission before the State Board of Law Examiners, shall pay a fee of twenty-five dollars at the time of filing their petition.

No such petition will be referred to the State Board of Law Examiners until said fee is paid to the Treasurer of the Board, or to the Clerk of this Court for him.

Members of the Bar of other States who may be admitted under these rules shall only be required to pay the usual fee for administering the oath and issuing the certificate.

EIGHTH.

All applications for admission to the Bar, except applications from members of the Bar of other States, shall be referred to the State Board of Law Examiners, who shall examine the applicants as to their qualification to practice law.

All persons, graduates of a recognized law school and possessing all other qualifications which are now, or may hereafter be prescribed by law, shall be eligible to take the examinations provided for in these rules, at the regular examination of the examining board, held at any time following his graduation, even though he be less than twenty-one years of age; provided, however, that no such person shall receive his certificate of admission to the Bar of this State nor be qualified nor permitted to perform any of the duties of an attorney at law until he shall have arrived at the age of twenty-one years.

NINTH.

The Board of Law Examiners shall meet twice annually, once in the month of June and once in the month of November, at such place in the State of Maryland as said Board may determine, for the purpose of conducting such examination. Thirty days' notice of the time and place of meeting shall be given.

The said Board shall hold such other meetings for the purpose of conducting examinations at such time and place and on such notice as may be directed by the Court of Appeals from time to time by special orders.

TENTH.

All examinations shall be in writing. All applicants shall be examined by said Board on each of the following subjects: (1) Agency; (2) Conflict of Laws; (3) Constitutional Law; (4) Contracts; (5) Corporations; (6) Criminal Law; (7) Domestic Relations; (8) Equity; (9) Evidence; (10) Negotiable Instruments; (11) Personal Property; (12) Pleading and Practice at Law and in Equity; (13) Public Service Companies; (14) Real Property; (15) Torts; (16) Wills and the Administration of Estates.

The Board may, at its election, in addition to the written examination, examine orally any or all of the applicants.

The State Board of Law Examiners may prescribe rules for the conduct of examinations, provided that the applicants shall be allowed at least six hours in which to prepare the answers in the written examination.

ELEVENTH.

The State Board of Law Examiners shall, as soon as practicable after such examination, report to the Court of Appeals all their proceedings in connection with such examination. They shall file with their report a copy of the questions asked and all replies. The report shall also state the conclusions of said Board as to the qualifications of all applicants and shall recommend, in the case of each person examined, that he be or be not admitted to the Bar.

The names and places of residence of all persons recommended by said Board for admission to the Bar shall be published once a week for three successive weeks in two daily newspapers published in the City of Baltimore before the day fixed for the ratification of the State Board of Law Examiners.

If no exceptions are filed to the report of the Board of Law Examiners within thirty days after their report is filed, the recommendations contained in their report shall be adopted, the action of the Board ratified, and the applicants admitted or rejected as recommended by the Board.

If exceptions to the report of the Board shall be filed such exceptions shall be heard and decided by the Court. In case an exception shall be filed to the recommendation of the Board that any applicant shall not be admitted to the Bar, and the exception relates to the qualifications of the applicant to

practice law, no new examination will be held, but the exception heard and determined on an examination of the applicant's answers to the questions asked him. If the exception relates to the moral character of the applicant, the exceptant and the applicant shall have the right to produce evidence in support of or against their exception before the Court or before an Examiner appointed for the purpose of taking testimony.

THIRTEENTH.

When it shall be determined by the Court of Appeals that an applicant is qualified to practice law and is of good moral character, an order will be passed directing that he be admitted to the Bar on taking the oath required of a member of the Bar by the Maryland Code of Public General Laws, Article 10, Section 10.

FOURTEENTH.

The members of the Board of Law Examiners shall receive such compensation as shall be fixed from time to time by the Court of Appeals after reports by the Board of the amounts of fees received and of expenses incurred and their recommendation of a suitable amount to be held in reserve.

FIFTEENTH.

No person who is not an actual bona fide resident of this State at the time he may apply for admission to the Bar shall be permitted to take the examination prescribed by the foregoing rules.

ORDERED, by the Court of Appeals of Maryland, this fourth day of December, 1918, that the foregoing rules regulating the registration of law students and admission to the Bar, be and they are hereby adopted as the Rules of this Court in lieu of the Rules now in force.

IT IS HEREBY FURTHER ORDERED, the said Rules take effect as of this date.
