## SCHOOL OF LAW

## Introductory Statement

The Law School of the University of Maryland is rated as an "Approved School" by the Council on Legal Education of the American Bar Association. It is also a member of the Association of American Law Schools, an organization whose purpose is the advancement of legal education, membership in which is dependent upon meeting and maintaining certain standards as to entrance requirements, faculty, library and curriculum.

It is the only school in Maryland which has been so recognized and which offers what is regarded by the bodies named as proper preparation for the practice of law or whose standards of admission and instruction are those recommended by them. In 41 jurisdictions, graduates of schools not substantially complying with those standards are not eligible to take the bar examinations; and in 30 jurisdictions, recognition is now refused to law study in a school not fully approved by the American Bar Association.

The American Bar Association standards are set forth in the following resolutions, adopted in 1921, with the exception of 1f, which was adopted in 1938.

"(1) The American Bar Association is of the opinion that every candidate for admission to the Bar should give evidence of graduation from a law school complying with the following standards:

(a) It shall require as a condition of admission at least two years of study in a college.

(b) It shall require its students to pursue a course of three years' duration if they devote substantially all of their working time to their studies, and a longer course, equivalent to the number of working hours, if they devote only part of their working time to their studies.

(c) It shall provide an adequate library available for the use of the students.

(d) It shall have among its teachers a sufficient number giving their entire time to the school to insure actual personal acquaintance with the whole student body.

(e) It shall not be operated as a commercial enterprise and the compensation of any officer or member of its teaching staff shall not depend on the number of students or on the fees received.

(f) It shall be a school which in the judgment of the Council of Legal Education and Admissions to the Bar possesses reasonably adequate facilities and maintains a sound educational policy; provided, however, that any decision of the Council in these respects shall be subject to review by the House of Delegates on the petition of any school adversely affected.

"(2) The American Bar Association is of the opinion that graduation from a law school should not confer the right of admission to the bar, and that every candidate should be subjected to an examination by public authority to determine his fitness.

"(3) The Council on Legal Education and Admissions to the bar is directed to publish from time to time the names of those law schools

which comply with the above standards and those which do not, and to make such publications available so far as possible to intending law students."

The policy set forth in these resolutions has been consistently and vigorously adhered to in subsequent meetings of the American Bar Association.

The standards of the Association of American Law Schools are substantially the same, being somewhat more exacting in some instances.

### HISTORICAL SKETCH

The General Assembly of Maryland in 1812 authorized the College of Medicine of Maryland, founded in 1807, "to constitute, appoint and annex to itself three other colleges or faculties, viz., the Faculty of Divinity, the Faculty of Law, and the Faculty of Arts and Sciences," and declared that "the four colleges or faculties thus united should be constituted an University by the name and under the title of the University of Maryland." In pursuance of this authority the University was organized in 1813, and is thus one of the oldest chartered universities in America.

The first faculty of law was chosen in 1813, when David Hoffman was elected Professor of law. He published in 1817 "A Course of Legal Study Addressed to Students and the Profession Generally," which Justice Story in an article in the *North American Review* pronounced to be "by far the most perfect system for the study of law which has ever been offered to the public," and which recommended a course of study so comprehensive as to require for its completion six or seven years. Regular instruction in law was begun in 1823, but was suspended in 1836 for lack of proper pecuniary support. Hoffman's ideals of legal education were far in advance of his times and in consequence there were but few students able or willing to spend the time required by his course. In 1869 the Law School was reorganized, and in 1870 regular instruction therein was resumed. Its graduates now number more than thirty-five hundred, and include a large proportion of the past and present leaders of the bench and bar in the State, as well as many who have attained prominence in the profession elsewhere.

Two other law schools, the Baltimore Law School and the Baltimore University of Law, were organized under charters granted by the State of Maryland. These two schools were subsequently consolidated under the name of the Baltimore Law School in 1911 and in 1913 the Baltimore Law School was in turn merged into the Law School of the University of Maryland. On July 1, 1920, the University of Maryland at Baltimore and the Maryland State College at College Park were consolidated under the name of the University of Maryland.

### BUILDING AND EQUIPMENT

The buildings of the Schools of Law, Medicine, Dentistry and Pharmacy of the University of Maryland are located in the vicinity of Lombard and Greene Streets, in the City of Baltimore, the Law School building being at the southeast corner of Redwood and Greene Streets. This building was erected in 1931 and is a three-story building of colonial design, devoted exclusively to law-school purposes. The first floor contains a large auditorium, students' lounge, the administrative offices and the women's locker room; on the second floor are four large class-rooms; the

third floor is devoted to the practice court, a large reading-room, and offices for the law faculty and librarian; in the basement is the men's locker room. The entire west wing of the building is devoted to stack space, affording room for more than 50,000 volumes.

The Law Library now contains some 19,500 volumes. Included therein are several complete sets of the Maryland and Baltimore City reports; all the editions, official and unofficial, of the Supreme Court reports and inferior Federal courts; the National Reporter System and the reports of the Courts of last resort of all states prior thereto, as well as the published decisions of some of the more important inferior state courts; the English Law Reports since 1865 and the English Reprint and English Common Law and Chancery Reports covering the period prior to that time; the various selected case series of annotated reports; the statute law of the United States, the several states, and Great Britain, as well as multiple sets of all Maryland codes and session laws; the American Digest System, the English and Empire Digest, and multiple sets of all Maryland Digests; a large collection of carefully selected textbooks and treatises; all of the leading legal periodicals, encyclopedias, citators and other search books. The library is open on weekdays for the use of the students from 9:00 A.M. to 10:30 P.M.

#### ARRANGEMENT OF HOURS

The Law School is divided into two divisions, the Day School and the Evening School. The same curriculum is offered in each school, and the standards of work and graduation requirements are the same.

The normal Day School course covers a period of three years of thirty-two weeks each, exclusive of holidays.

The normal Evening School course covers a period of four years of thirty-six weeks each, exclusive of holidays. The class sessions are held on Monday, Wednesday and Friday evenings of each week from 6:30 to 9:40 o'clock, leaving the alternate evenings for study and preparation by the student.

#### REQUIREMENTS FOR ADMISSION

**Candidates for Degree**—The requirements for admission are those of the Association of American Law Schools. Applicants for admission as candidates for a degree are required to produce evidence of the completion of at least one-half of the work acceptable for a bachelor's degree granted on the basis of a four-year period of study by the State University of the State in which the prelaw work is taken, or if there is no State University, then at a principal college or university located therein; not more than ten per cent of the credit presented for admission may include credit earned in nontheory courses in military science, hygiene, domestic arts, physical education, vocal or instrumental music, or other courses without intellectual content of substantial value. *All prelegal work must have been passed with a scholastic average at least equal to the average required for graduation in the institution attended.*

The right is reserved to refuse admission to applicants with sufficient scholastic credit, whose presence in the School would, in the judgment of the Faculty Council, be detrimental to the best interests of the School.

**Special Students. Candidates for Certificate of the School**—A limited number of students, not exceeding ten per cent of the average number of students admitted as beginning regular law students during the two preceding years, applying for entrance with less than the academic credit required of candidates for the law degree, may be admitted as candidates for the certificate of the school, but not for the degree, where, in the opinion of the Faculty Council, special circumstances, such as the maturity and the apparent ability of the student, seem to justify a deviation from the rule requiring at least two years of college work. Applicants for admission as special students must be at least twenty-three years of age and must be specially equipped by training and experience for the study of law.

Application for admittance as a special student should be made as early as possible by letter, showing the age of the applicant, together with a detailed statement of attendance at educational institutions, and of the work therein completed and the work pursued by the applicant since leaving such educational institutions.

### ADVANCED STANDING

Students complying with the requirements for admission to the school who have, in addition, successfully pursued the study of law elsewhere in a law school which, at the time of such student's attendance, was either a member of the Association of American Law Schools or approved by the Council on Legal Education of the American Bar Association may, in the discretion of the Faculty Council, upon presentation of a certificate from such accredited law school showing honorable dismissal therefrom, and the successful completion of equivalent courses therein, receive credit for such courses and be admitted to advanced standing. *No student transferring from another law school will be admitted who is not in good scholastic standing at the school from which he transfers.* No degree will be conferred until after at least one year of residence and study at this school.

### COMBINED PROGRAM OF STUDIES LEADING TO THE DEGREES OF BACHELOR OF ARTS OR BACHELOR OF SCIENCE AND BACHELOR OF LAWS

The University of Maryland offers combined programs in arts or business administration and law leading to the degrees of bachelor of arts or bachelor of science and bachelor of laws.

Students pursuing such combined programs in college and prelegal subjects will spend the first three years in either the College of Arts and Sciences or in the College of Business and Public Administration at College Park. They will then register in the Law School, and upon the successful completion of the work of the first year in the Day School, or the equivalent work in the Evening School, the degree of bachelor of arts or bachelor of science will be awarded. The degree of bachelor of laws will be awarded upon the completion of the work prescribed for graduation in the School of Law.

Details of the combined courses may be had upon application to the University of Maryland, College Park, Maryland.

### REGISTRATION

All students are required, when entering for each session, to report in person at the office of the Secretary of the Law School and enroll. The attention of all students is called to the fact that no registration will be allowed except by special action of the Dean after the last day for registration as designated in the calendar.

Students who fail to pay the tuition and other fees required on or before the day of registration, for each term or semester, as stated in the catalogue, will be required to pay, as an addition to the fees required, a fine of five (\$5.00) dollars. The last permissible day for registration, with the fine included, is Saturday at noon of the week in which instruction begins following the specified registration period. This rule may be waived only by action of the Dean.

### VETERANS EDUCATIONAL BENEFITS

The University is approved by the Veterans Administration for participation in the program of educational benefits provided for veterans under Public Laws 346 (the Servicemen's Readjustment Act of 1944 or "GI Bill") and 16 (the Vocational Rehabilitation Act).

A veteran planning to enter law school under either of these laws should file his application with the Veterans Administration as early as possible, in order that this may be approved before the veteran begins his law studies.

### FEES AND EXPENSES

The charges for instruction for resident students are as follows:

Registration fee, to accompany application.....	\$2.00
Matriculation fee, payable on first registration.....	10.00
Diploma fee, payable upon graduation.....	15.00
Tuition fee, per semester (Day School).....	100.00
Tuition fee, per semester (Evening School).....	75.00

The tuition fee for each semester is payable at the time of registration therefor. For students unable to pay such charges in full when due, arrangements for instalment payments may be made with the Secretary at the time of registration. Students carrying less than the normal number of credit hours will be charged on the basis of \$7.50 per semester hour carried.

### NON-RESIDENT STUDENTS

An additional tuition fee of \$25.00 per semester must be paid by students who are non-residents of the State of Maryland.

Students who are minors are considered to be resident students if, at the time of their registration, their parents\* have been residents of this State for at least one year.

Adult students are considered to be resident students if, at the time of their registration, they have been residents of this State for at least one year, provided that such residence has not been acquired while attending any school or college in Maryland.

The status of the residence of a student is determined at the time of his first registration in the University and may not thereafter be changed by him unless, in the case of a minor, his parents\* move to and become legal residents of this State by maintaining such residence for at least one full calendar year. However, the right of the student (minor) to change from a non-resident to a resident status must be established by him prior to registration for a semester in any academic year.

### REBATES

The matriculation fee is not subject to rebate. In case of total withdrawal from the school prior to November first in the first semester, or March first in the second semester, the Dean may order the Comptroller to refund one-half the amount of the tuition paid for such semester. In cases of illness, or other unusual circumstances, the Dean may, with the approval of the President of the University, order such refund as seems just. In all cases of withdrawals from school, immediate notice in writing must be given to the Dean.

### SCHOLARSHIPS

In 1922, Mr. Louis S. Ashman, of the Baltimore Bar and an alumnus of the Law School, assigned to the Regents all royalties to be received from the publication of his book, "Prayers and Instructions" in order to provide a fund for the establishment of a scholarship or scholarships to be known as "The Louis S. Ashman Scholarship," carrying tuition only, for a student or students recommended annually by the Faculty Council as worthy to receive the same by reason of scholarly attainments and the need of financial assistance in pursuing the study of law.

At least one such scholarship has been awarded each year since, except that during the war, the Faculty Council reserved the right to withhold award of these scholarships for the benefit of students returning from service during the postwar period. Beginning with the school year 1946-1947, two of such scholarships will be awarded annually; in accordance with the donor's wishes, preference will be given to former servicemen in making such awards.

For the purpose of continuing these scholarships, Mr. Ashman in 1939 also assigned the royalties from his book on "Directed Prayers and Instructions" to the Regents; and for the same purpose has currently under preparation a book on "Maryland Court and Office Forms, Annotated".

Applications for this scholarship must be filed on or before September 1 of the school year for which the scholarship is to be awarded. Scholarships will be awarded for one year only, but the same person may receive more than one award, provided his scholastic work and influence in the School are such as to merit this distinction.

### REGISTRATION WITH THE COURT OF APPEALS AND ADMISSION TO THE BAR

Under the rules governing admission to the bar in the State of Maryland, each applicant is required to register with the State Board of

\*The term "parents" includes persons who, by reason of death or other unusual circumstances have been legally constituted the guardians of or stand in loco parentis to such minor students.

Law Examiners as a law student before beginning the study of law. Applicants for such registration must have completed, in addition to a high-school education or the equivalent, two years of work in a college approved by the Board of Law Examiners, or the equivalent. Application blanks for such registration may be procured from the Secretary by the student at the time of his registration in the Law School. A fee of \$15.00, payable to the State Board of Law Examiners must accompany each application. *Such registration as a law student with the State Board of Law Examiners does not automatically qualify an applicant for admission to the Law School, for which compliance with the requirements set forth on page 8 is essential.*

Applicants for admission to the bar must have studied law in the office of a member of the bar of this State or in a law school of the United States and must file a petition with the State Board of Law Examiners at least twenty days before the day fixed for the examination they wish to take. A fee of \$25.00, payable to the State Board of Law Examiners, must accompany each application.

Admission to the bar is upon examination by the State Board of Law Examiners. The examinations are held in July and March of each year, and embrace the following subjects: Agency, Conflict of Laws, Constitutional Law, Contracts, Corporations, Criminal Law, Domestic Relations, Equity, Evidence, Negotiable Instruments, Personal Property, Pleading and Practice at Law and in Equity, Administrative Law Including Public Service Companies, Real Property, Torts, and Testamentary Law. All of the required courses are included in the curriculum offered by the Law School.

Further information concerning the examination or matters relating to admission to the bar may be had upon application to Mr. Wilson K. Barnes, Secretary, State Board of Law Examiners, 900 Maryland Trust Building, Baltimore 2, Maryland.

### EXAMINATIONS AND GRADES

Written examinations are held at the end of the course in all subjects except Practice Court and the Legal Aid Clinic. Unless excused by the Dean, all students must present themselves for examination in each subject for which they are registered at the first regular examination held therein in order to receive credit for such course. No student will be permitted to take the examination in any course unless he has attended at least 85 per cent of the lectures therein, except by permission of the Dean; nor may any student, without special permission from the Dean, carry in the Day School less than 12 nor more than 16 hours per week and, in the Evening School, less than 6 nor more than 10 hours per week.

A student failing to present himself for examination in any course must report to the Dean as soon as the circumstances which caused the absence will permit. If the Dean is satisfied that the absence was justifiable (as if due to sickness or other exceptional circumstances) he will give permission for a deferred examination in place of the one missed. A fee of \$5.00 will be charged for every deferred examination, except that one fee will cover all deferred examinations due to the same cause.

The following grade symbols are used: A, signifying "excellent"; B, signifying "very good"; C, signifying "good"; D, signifying "passed"; F, signifying "failure"; I, signifying "incomplete." Of these, A, B, C, and D, are passing grades, but a grade of D can be counted toward

graduation only as hereinafter stated. For the purpose of computing the average grade of a student, the following values are assigned to the grades received: A equals 4; B equals 3; C equals 2; D equals 1; F equals 0.

The grade of I (incomplete) is given only to those students who have a proper excuse for failure to present themselves for examinations or to complete any other work that may be required by the instructor in any course. It is not used to signify work of inferior quality. It may be replaced later by a definite grade for the course, when the instructor therein is prepared to report it.

A student receiving a grade of less than C in any course, may, in the discretion of the instructor, take a re-examination therein, for the purpose of raising such grade, the grade received on such re-examination to be substituted for the original grade received, except with respect to eligibility for scholarship honors. Such re-examination, unless special permission is obtained from the Dean to the contrary, must be taken either at the next regular examination given in such course, or at the next deficiency examination period. Deficiency examinations are held prior to the opening of the school session in September of each year. Not more than one re-examination may be taken in any one course; if a student is not successful in raising his grade thereon, he may do so thereafter only by repeating such course.

In determining the eligibility of a student to continue in attendance at the school, a grade of F in a course of three or more semester hours shall constitute one failure, and a grade of F in a course of less than three semester hours shall constitute a half-failure. A student having three or more failures, so computed, shall be permanently excluded from the School and is not permitted to take re-examinations in the courses failed.

A student having less than three failures, so computed, and a weighted average below C, will be required to take deficiency examinations in the subjects failed; if on such deficiency examinations, he shall remove all failures and half-failures, he may continue with his class, subject to the conditions as to number of hours of D grades stated hereafter. If, after taking such deficiency examinations, he still is not eligible to continue with his class, he must elect either (1) to withdraw from the School; or (2) to remain as an unclassified student taking assigned work only. A student with a weighted average of at least C, who has a mark of F in not more than one subject, shall be entitled to continue with his class without removing such failure by re-examination.

Except in the case of a student whose weighted average is at least C, students with the number of hours of D grades following on their records shall be ineligible to continue into the succeeding class, except after reducing such hours of D grades sufficiently by taking deficiency examinations:—a first year day student with more than nine semester hours; a second-year day student with more than fifteen semester hours; a first-year evening student with more than eight semester hours; a second-year evening student with more than twelve semester hours; a third-year evening student with more than sixteen semester hours. If, after taking such deficiency examinations, such a student is still not eligible to continue with his class, he must elect either (1) to withdraw from the School; or (2) to remain as an unclassified student taking assigned work only.

The Faculty Council reserves the right to require the withdrawal of any student whose continued presence would not, in the judgment of the Council, either because of low scholastic standing or other reasons, be of benefit to himself or would be detrimental to the best interests of the School.

## REQUIREMENTS FOR GRADUATION

To be eligible for either the degree or the certificate, a student must have successfully completed courses totaling at least 80 semester hours, in at least three-fourths of which he must have received a grade of C or higher; provided, however, that a student who has failed in not more than one subject, may be allowed to graduate if his general weighted average, including such failure, is at least C.

## HONORS

A student who complies with the requirements for graduation and who attains in all work done in courses offered in the school, and presented for the degree, an average grade of not less than 3.15, may be recommended by the Faculty Council for Graduation with Honor.

The editors of the United States Law Week offer a prize of a year's subscription to the student who, in the judgment of the faculty, makes the most satisfactory scholastic progress during his final school year.

## ORDER OF THE COIF

The Order of the Coif is a national law-school honor society, founded to encourage scholarship and to advance the ethical standards of the legal profession, membership in which depends upon high scholastic attainments. Only those students standing among the first tenth of the senior class are eligible for membership. Elections of seniors to the Maryland Chapter of the Order are held during the last semester of the school year.

## CURRICULUM

**Explanation of Abbreviations**—In the list of courses given below, the credit value of each course is indicated in semester units by a numeral in parentheses following the title. A unit is one hour of classroom work per week, or its equivalent, throughout one term of the academic year, based on the length of the day-school course. The session during which a course is given is shown as follows: I, Fall Semester; II, Spring Semester; Yr., throughout the year. Courses starred are elective; all others required.

The Faculty Council reserves the right to make such changes in the curriculum as may be found necessary or desirable. Books listed as used in any course are also subject to change as decided by the instructor.

#### PRACTICE COURT

The Law School endeavors not only to equip its student with an accurate knowledge of legal principles, but also to train them in the application of that knowledge and to fit them for the practice of the law. To that end special care and thought are devoted to the conduct of the Practice Court, which is in session throughout the scholastic year.

The work of the Practice Court is designed to afford opportunity not only for the argument of law questions, but also for preparation and conduct of a case through all its stages, as nearly as possible in accordance with the procedure in actual trial work. Three features are especially emphasized, viz: the drawing of pleadings, the writing of briefs, and the oral argument of questions of law.

A set of Court Rules has been adopted in accordance with which the students are required to prepare and file their pleadings and conduct their cases. Students are furnished with statements of facts, involving debatable principles of law, supposed to represent the claims of the respective parties to the litigation, from which they draft the necessary pleadings and prepare their cases for trial. They are also required to prepare and file trial briefs and appeal briefs.

The course is given in the third year of the Day School and the fourth year of the Evening School. In connection with the course, instruction in Legal Ethics is offered. The course is required for graduation and attendance at all sessions of the Court by members of those classes is compulsory. Except by permission of the Dean, no student will receive

credit for work in the Practice Court unless he has attended at least 85 per cent of the sessions each year. There is no examination in this course, the grade of the student being based upon the work done in the Court. The grade thus attained by the student is treated in the same manner as the grade given on examination in other subjects, and the successful completion of the course gives the student credit toward his degree.

### LEGAL AID CLINIC

By arrangement with the Baltimore Legal Aid Bureau, selected senior students, not exceeding twelve in any one semester, may substitute one semester's work at the Legal Aid Bureau for one semester of the Practice Court. Students taking clinic work are required to spend two afternoons a week at the Legal Aid Bureau, working under the supervision of a member of the Bureau staff. The work includes consultation with clients, interviews with witnesses, preparation of memoranda, examination of records of various kinds, and in general such work as a clerk in a general law office would be called upon to perform.

### MARYLAND LAW REVIEW

*The Maryland Law Review*, appearing quarterly, is published by the Law School with the support and cooperation of the Maryland State Bar Association, the Bar Association of Baltimore City, and the Junior Bar Association of Baltimore City. *The Review* is devoted primarily to the discussion of Maryland law and of questions regarded as of particular interest to Maryland lawyers. Members of the Law School faculty serve as Faculty Editor and Assistant Editor and Business Manager; there is also a student Editorial Board composed of students selected on the basis of scholarship, and an Advisory Editorial Board composed of representatives from the Bar Associations. Selection for the Student Editorial Board is an honor, and an opportunity for training of high value in legal research. The governing Board of Trustees consists of a representative from the State Judiciary, representatives of the Bar Associations, the Dean of the Law School, and the Faculty Editor and Business Manager.

### STUDENT COUNCIL

The Student Council is a student organization functioning as a coordinating agency between the student body, the school administration and the faculty. Members are elected by vote of their respective classes; there is also a faculty advisor appointed by the Dean.
