## THE UNIVERSITY OF MARYLAND

Control of the University of Maryland is vested in a Board of nine Regents, appointed by the Governor and confirmed by the Senate for terms of nine years each. The general administration of the University is vested in the President. The University Council is an advisory body, composed of the President, the Vice-President, the Director of the Agricultural Experiment Station, the Director of the Extension Service, and the Deans. The University Council acts upon all matters having relation to the University as a whole, or to co-operate work between the constituent groups. Each school has its own Faculty Council, composed of the Dean and members of its faculty; each Faculty Council controls the internal affairs of the group it represents.

The University has the following educational organization:

- The College of Agriculture.
- The College of Engineering.
- The College of Arts and Sciences.
- The School of Medicine.
- The School of Law.
- The School of Pharmacy.
- The College of Education.
- The School of Dentistry.
- The College of Home Economics.
- The Graduate School.
- The School for Nurses.
- The Summer School.
- The Department of Military Science and Tactics.
- The Department of Physical Education and Recreation.

The Schools of Medicine, Law, Dentistry, Pharmacy, and the School for Nurses are located in Baltimore in the vicinity of Lombard and Greene Streets; the others in College Park.

### STANDING OF THE SCHOOL

The Law School of the University of Maryland is rated as an "Approved School" by the Council on Legal Education of the American Bar Association. It is also a member of the Association of American Law Schools, an organization whose purpose is the advancement of legal education, membership in which is dependent upon meeting and maintaining certain standards as to entrance requirements, faculty, library and curriculum. It is also registered as an Approved School on the New York Regents' list.

It is the only school in Maryland which has been so recognized and which offers what is regarded by the bodies named as proper preparation for the practice of law or whose standards of admission and instruction are those recommended by them. In a rapidly increasing number of States graduates of schools not substantially complying with those standards are not eligible to take the bar examinations.

The American Bar Association standards are set forth in the following resolutions, adopted in 1921:

"(1) The American Bar Association is of the opinion that every candidate for admission to the bar should give evidence of graduation from a law school complying with the following standards:

(a) It shall require as a condition of admission at least two years of study in a college.

(b) It shall require its students to pursue a course of three years' duration if they devote substantially all of their working time to their studies, and a longer course, equivalent to the number of working hours, if they devote only part of their working time to their studies.

(c) It shall provide an adequate library available for the use of the students.

(d) It shall have among its teachers a sufficient number giving their entire time to the school to insure actual personal acquaintance with the whole student body.

"(2) The American Bar Association is of the opinion that graduation from a law school should not confer the right of admission to the bar, and that every candidate should be subjected to an examination by public authority to determine his fitness.

"(3) The Council on Legal Education and Admission to the Bar is directed to publish from time to time the names of those law schools which comply with the above standards and of those which do not, and to make such publication available so far as possible to intending law students."

The policy set forth in these resolutions has been consistently and vigorously adhered to in subsequent meetings of the American Bar Association.

The standards of the Association of American Law Schools are substantially the same, being somewhat more exacting in some instances.

### HISTORICAL SKETCH

The General Assembly of Maryland, in 1812, authorized the College of Medicine of Maryland, founded in 1807, "to constitute, appoint and annex to itself three other colleges or faculties, viz., the Faculty of Divinity, the Faculty of Law, and the Faculty of Arts and Sciences," and declared that "the four colleges or faculties thus united should be constituted an university by the name and under the title of the University of Maryland." In pursuance of this authority the University was organized in 1813, being one of the oldest chartered universities in America, coming eighth, according to official figures.

While the first faculty of law was chosen in 1813, and David Hoffman was elected professor of law, and published in 1817 "A Course of Legal Study Addressed to Students and the Profession Generally," which Justice Story in an article in the North American Review pronounced to be "by far the most perfect system for the study of law which has ever been offered to the public," and which recommended a course of study so comprehensive as to require for its completion six or seven years, no regular school of instruction in law was opened until 1823. This was suspended in 1836 for lack of proper pecuniary support and on account of the small number of students who were able or willing to spend the time necessary, when admission to the bar was of little difficulty, to take advantage of the course of Professor Hoffman, whose ideals of legal education were far in advance of his times. In 1869 the Law School was re-organized, and in 1870 regular instruction therein was begun. From time to time the course has been made more comprehensive and the Board of Instructors increased in number. Its graduates now number more than three thousand, and included among them are a large proportion of the leaders of the bench and bar in the State, and many who have attained prominence in the profession elsewhere.

Two other Law Schools, the Baltimore Law School and the Baltimore University of Law, were organized under charters granted by the State of Maryland. These two schools, both doing good work and steadily advancing their standards, were consolidated under the name of the Baltimore Law School in 1911. In 1913 the Baltimore Law School was in turn merged into the Law School of the University of Maryland. On July 1, 1920, the University of Maryland and the Maryland State College were consolidated under the name of the University of Maryland.

### BUILDING AND EQUIPMENT

The buildings of the Medical, Legal, Dental and Pharmaceutical Departments of the University of Maryland are located in the vicinity of Lombard and Greene Streets, in the City of Baltimore, the Law School building being at the southeast corner of Redwood and Greene Streets. This building, modern in every respect and specially designed for law-school work, was erected in 1931. It is a three-story building of colonial design, devoted exclusively to law-school purposes. The first floor contains a large auditorium, students' lounge, the administrative offices, and the women's locker-room; on the second floor are four large class-rooms; the third floor is devoted to the practice court, a large reading room, and private offices for the law faculty and librarian; in the basement is the men's locker-room. The entire west wing of the building is devoted to stack space, affording room for more than 50,000 volumes.

The Law Library contains an extensive collection of carefully selected textbooks and treatises; several complete sets of the reports of the Court of Appeals of Maryland, the Baltimore City Reports and the reports of the Supreme Court of the United States including, in addition to the official reports, the Lawyers' Edition and the Supreme Court Reporter; the reports of the courts of last resort of all other States since the inauguration of the National Reporter System and of practically all such other States prior thereto; the United States Code Annotated, recent editions of the statute law of all States, and several sets of the Maryland Codes of Public General and Local Laws and the Maryland Session Laws; the Federal Reporter; the New York Supplement; the English Law Reports since 1865 and the English Reprint and English Common Law and Chancery Reports covering the period prior to that date; the American Digest System; the English and Empire Digest and Halsbury's Laws and Statutes of England; all of the selected case series of annotated reports and a large collection of the leading legal periodicals, law encyclopedias, citators, and other search books. Ample provision has been made for systematic addition to the library each year. The library now contains some 14,000 standard volumes. It will be open on week days for the use of the

students from 9:00 A. M. to 10:30 P. M. except on Saturday, when it is open from 9:00 A. M. to 5:00 P. M.; a librarian will be in charge during those hours to assist the students in finding and using the books. Students will be permitted to use the books freely in the reading room, but, without special permission, will not be allowed to take them from the library; violation of this rule may be regarded as cause for suspension or dismissal.

The library of the Peabody Institute and the Enoch Pratt Free Library also are available to students.

### ARRANGEMENT OF HOURS

The Law School is divided into two divisions, the Day School and the Evening School. The same curriculum is offered in each school, and the standards of work and graduation requirements are the same.

The Day School course covers a period of three years of thirty-two weeks each, exclusive of holidays. The class sessions are held during the day, in the morning hours. The Practice Court work is held on one evening of each week.

The Evening School course covers a period of four years of thirty-six weeks each, exclusive of holidays. The class sessions are held on Monday, Wednesday and Friday evenings of each week from 6:30 to 9:30 o'clock, leaving the alternate evenings for study and preparation by the student.

### REQUIREMENTS FOR ADMISSION

**Candidates for Degree**—The requirements for admission are those of the Association of American Law Schools. Applicants for admission as candidates for a degree are required to produce evidence of the completion of at least one-half of the work acceptable for a Bachelor's degree granted on the basis of a four-year period of study by the University of Maryland or a principal college or university in this State.

To meet this requirement a candidate for admission must present at least sixty semester hours (or their equivalent) of college work taken in an institution approved by standard regional accrediting agencies and exclusive of credit earned in non-theory courses in military science, hygiene, domestic arts, physical education, vocal or instrumental music, or other courses without intellectual content of substantial value. Such pre-legal work must be done in residence and no credit is allowed for work done in correspondence or extension courses.

The right is reserved to refuse admission to applicants with sufficient scholastic credit, whose presence in the School would in the judgment of the Faculty Council be detrimental to the best interests of the School.

**Special Students, Candidates for Certificate of the School**—A limited number of students, not exceeding 10 per cent of the average number of students admitted as beginning regular law students during the two preceding years, applying for entrance with less than the academic credit required of candidates for the law degree, may be admitted as candidates for the certificate of the School, but not for the degree, where, in the opinion of the Faculty Council, special circumstances, such as the maturity and the apparent ability of the student, seem to justify a deviation from the rule requiring at least two years of college work. Applicants for admission as special students must be at least twenty-three years of age and must be specially equipped by training and experience for the study of law.

Application for admittance as a special student should be made as early as possible by letter, showing the age of the applicant, together with a detailed statement of attendance at high schools or other educational institutions, and of the work therein completed and the work pursued by the applicant since leaving such educational institutions.

### ADVANCED STANDING

Students complying with the requirements for admission to the school who have, in addition, successfully pursued the study of law elsewhere in an accredited law school, may, in the discretion of the Faculty Council, upon presentation of a certificate from such accredited law school showing honorable dismissal therefrom, and the successful completion of equivalent courses therein, covering at least as many hours as are required for such subjects in this school, receive credit for such courses and be admitted to advanced standing. No credit will be given for study pursued in a law office, and no degree will be conferred until after one year of residence and study at this school.

### COMBINED PROGRAM OF STUDY LEADING TO THE DEGREES OF BACHELOR OF ARTS AND BACHELOR OF LAWS

The University of Maryland offers a combined program in arts and law leading to the degrees of Bachelor of Arts and Bachelor of Laws.

Students pursuing this combined program in college and pre-legal subjects will spend the first three years in the College of Arts and Sciences at College Park. The fourth year they will register in the Law School, and upon the successful completion of the work of the first year in the Day School, or the equivalent work in the Evening School, the degree of Bachelor of Arts will be awarded. The degree of Bachelor of Laws will be awarded upon the completion of the work prescribed for graduation in the School of Law.

Details of the combined course may be had upon application to the University of Maryland, College Park, Md.

### REGISTRATION

All students are required, when entering for each session, to report in person at the office of the Registrar, Lombard and Greene Streets, and enroll. The attention of all students is called to the fact that no registration will be allowed except by special action of the Dean after the last day for registration as designated in the calendar.

Students who fail to pay the tuition and other fees required on or before the day of registration, for each term or semester, as stated in the catalogue, will be required to pay, as an addition to the fees required, a fine of five (\$5.00) dollars. The last permissible day for registration, with the fine of \$5.00 included, is Saturday at noon of the week in which instruction begins following the specified registration period. This rule may be waived only by action of the Dean.

### FEES AND EXPENSES

The charges for instruction for resident students are as follows:

Registration fee, to accompany application . . . . .	\$ 2.00
Matriculation fee, payable on first registration . . . . .	10.00
Diploma fee, payable upon graduation . . . . .	15.00
Locker fee, per annum . . . . .	3.00
Tuition fee, per annum (Day School) . . . . .	200.00
Tuition fee, per annum (Evening School) . . . . .	150.00

The tuition fee is payable in two equal installments, one-half at the time of registration for the First Term, and one-half at the time of registration for the Second Term.

### NON-RESIDENT STUDENTS

An additional tuition fee of \$50.00 per annum must be paid by students who are non-residents of the State of Maryland.

Students who are minors are considered to be resident students if, at the time of their registration, their parents\* have been residents of this State for at least one year.

Adult students are considered to be resident students if, at the time of their registration, they have been residents of this State for at least one year; provided such residence has not been acquired while attending any school or college in Maryland.

The status of the residence of a student is determined at the time of his first registration in the University and may not thereafter be changed by him unless, in the case of a minor, his parents\* move to and become legal residents of this State by maintaining such residence for at least one full calendar year. However, the right of the student (minor) to change from a non-resident to a resident status must be established by him prior to registration for a semester in any academic year.

### REBATES

The matriculation fee is not subject to rebate. In cases of total withdrawal from the school prior to November first in the first semester, or March first in the second semester, the Dean may order the Comptroller to refund one-half the amount of the tuition paid for such semester. In the case of illness, or other unusual circumstances, the Dean may, with the approval of the President of the University, make such refund as seems just. In all cases of withdrawal from school, immediate notice in writing must be given to the Dean.

### REGISTRATION FOR ADMISSION TO THE BAR

Under the rules governing admission to the Bar in the State of Maryland, each applicant is required to register with the Court of Appeals as a law student before beginning the study of law. A high school education or its equivalent is required of all applicants for registration as a law student. Application blanks for such registration may be procured from the Secretary by the student at the time of his registration in the Law School. A fee of \$5.00, payable to the Clerk of the Court of Appeals, must accompany each application.

Applicants for admission to the Bar must have studied law in the office of a member of the Bar of this State or in a law school of the United States for at least three years, and must file a petition with the Court of Appeals at least ten days before the day fixed for the examination they wish to take. A fee of \$25.00, payable to the Court of Appeals, must accompany each application.

Admission to the Bar is upon examination by the State Board of Law Examiners. The examinations are held in June and November of each year, and embrace the following subjects: Agency, Conflict of Laws, Constitutional Law, Contracts, Corporations, Criminal Law, Domestic Relations, Equity, Evidence, Negotiable Instruments, Personal Property, Pleading and Practice at Law and in Equity, Public Service Companies, Real Property, Torts, Wills and Administration of Estates. All of the required courses are included in the curriculum offered by the Law School.

---

\*The term "parents" includes persons who, by reason of death or other unusual circumstances, have been legally constituted the guardians of or stand in loco parentis to such minor students.

Further information concerning the examination or matters relating to admission to the Bar may be had upon application to Mr. Jesse N. Bowen, Secretary, State Board of Bar Examiners, Baltimore Trust Company Building, Baltimore, Md.

### EXAMINATIONS AND GRADES

Written examinations are held at the end of each term for each class upon the subjects given during such term, except as to courses extending throughout the year, in which examinations are held at the end of the year only. Unless excused by the Dean, all students must present themselves for examination in each subject for which they are registered at the first regular examination held therein in order to receive credit for such course. No student will be permitted to take the examination in any course unless he has attended at least 85 per cent of the lectures therein, except by permission of the Dean; nor may any student, without special permission from the Dean, carry in the Day School, less than 13 nor more than 16 hours per week and, in the Evening School, less than 6 nor more than 10 hours per week.

A student failing to present himself for examination in any course must report to the Dean as soon as the circumstances which caused the absence will permit. If the Dean is satisfied that the absence was justifiable (as if due to sickness or other exceptional circumstances) he will give permission for a deferred examination in place of the one missed. A fee of \$5.00 will be charged for every deferred examination, except that one fee will cover all deferred examinations due to the same cause.

The following grade symbols are used: "A," signifying "excellent"; "B," signifying "good"; "C," signifying "fair"; "D," signifying "poor"; "F," signifying "failure"; "I," signifying "incomplete." Of these A, B, C and D are passing grades, but a grade of "D" can only be counted towards graduation as hereinafter stated.

The grade "I" (incomplete) is given only to those students who have a proper excuse for failure to present themselves for examination or to complete any other work that may be required by the instructor in any course. It is not used to signify work of inferior quality. It may be replaced later by a definite grade for the course, when the instructor therein is prepared to report it.

A student receiving a grade of less than "C" in any course, may, in the discretion of the instructor, take a re-examination therein, for the purpose of raising such grade, the grade received on such re-examination to be substituted for the original grade received, except with respect to eligibility for scholastic honors and prizes. Such re-examination, unless special permission is obtained from the Dean to the contrary, must be taken either at the next regular examination given in such course, or at the next Deficiency Examination period. Deficiency Examinations are held prior to the opening of the school session in September of each year. Not more than one re-examination may be taken in any one course; if a student is not successful in raising his grade thereon, he may do so thereafter only by repeating such course and meeting all requirements thereof, including attendance and examinations.

The Faculty Council reserves the right to require the withdrawal of any student whose continued presence would not, in the judgment of the Council, either because of low scholastic standing, or other reasons, be of benefit to himself or would be detrimental to the best interests of the School. The right is also reserved to refuse permission to students whose scholastic standing is not, in the judgment of the Council, sufficiently high to justify them in progressing to a higher class, so to progress and to require such students to repeat courses in which their standing is low before going further in their work.

## REQUIREMENTS FOR GRADUATION

To be eligible for either the degree or the certificate, a student must have successfully completed courses totaling at least 80 semester hours, in at least three-fourths of which he must have received a grade of "C" or higher; provided, however, that a student, who has failed in not more than one subject, may be allowed to graduate if his general weighted average, including such failure, is at least "C".

## SCHOLARSHIPS

Mr. Louis S. Ashman, of the Baltimore Bar and an alumnus of the Law School, has assigned to the Regents all royalties to be derived from a law book published by him under the title, "Prayers and Instructions."

The interest from the fund thus established is to be used to provide a scholarship or scholarships to be known as "The Louis S. Ashman Scholarship," carrying tuition only in the Law School for a student or students recommended annually by the Faculty Council as worthy to receive the same by reason of scholarly attainments and the need of financial assistance in pursuing the study of law.

Applications must be filed on or before September 1 of the school year for which the scholarship is to be awarded. Scholarships will be awarded for one year only, but the same person may receive more than one award, provided his scholastic work and influence in the School are such as to merit this distinction.

Until the royalties provide a fund, the income of which will be sufficient to equal the tuition fees of at least one student, Mr. Ashman will annually supply a sum equivalent to the tuition fees of one student.

## CURRICULUM

**Explanation of Abbreviations**—In the list of courses given below, the credit value of each course is indicated in semester units by a numeral in parentheses following the title. A unit is one hour of class-room work per week, or its equivalent, throughout one term of the academic year, based on the length of the day-school course.

The session during which a course is given is shown as follows: I, first term; II, second term; Yr., throughout the year. Courses starred are electives; all others required.

The Faculty Council reserves the right to make such changes in the curriculum as may be found necessary or desirable. Books listed as used in any course are also subject to change as decided by the instructor.

#### PRACTICE COURT

G. RIDGELY SAPPINGTON, Director  
 GEORGE O. BLOME, Clerk and Associate Judge

The Law School endeavors not only to equip its students with an accurate knowledge of legal principles, but also to train them in the application of that knowledge and to fit them for the practice of law. To that end special care and thought are devoted to the conduct of the Practice Court, which is in session throughout the scholastic year.

The work of the Practice Court is designed to afford opportunity not only for the argument of law questions, but also for preparation and conduct of a case through all its stages, as nearly as possible in accordance with the procedure in actual trial work. Three features are especially emphasized, viz: the drawing of pleadings, the writing of briefs, and the oral argument of questions of law.

A set of Court Rules has been adopted in accordance with which the students are required to prepare and file their pleadings and conduct their cases. Students are furnished with statements of facts, involving debatable principles of law, supposed to represent the claims of the respective parties to the litigation, from which they draft the necessary pleadings and prepare their cases for trial.

They are also required to prepare and file trial briefs and appeal briefs.

The course is given in the third year of the Day School and the fourth year of the Evening School. In connection with the course, instruction in Legal Ethics is offered. The course is required for graduation and attendance at all sessions of the Court by members of those classes is compulsory. Except by

permission of the Dean, no student will receive credit for work in the Practice Court unless he has attended at least 85 per cent of the sessions each year. There is no examination in this course, the grade of the student being based upon the work done in the Court. The grade thus attained by the student is treated in the same manner as the grade given on examination in other subjects, and the successful completion of the course gives the student credit towards his degree.

### STUDENT COUNCIL

The Student Council is a student organization established for the primary purpose of acting as a co-ordinating influence with respect to the several classes in the School and the faculty. It acts in close co-operation with the administrative authorities of the School in fostering various extra-curricular activities and serves as a very useful point of contact between such authorities and the student body. During the course of each year, it sponsors several lectures to the student body, usually by prominent members of the bench and bar, which have proved most instructive and have been well attended. There are ten members, of which two are the presidents of the two senior classes, and the remaining eight are composed of representatives elected by each class. There is also a faculty adviser, appointed by the Dean.

## COMMENCEMENT

The Annual Commencement for the session 1933-1934 was held at the Ritchie Coliseum at 3:00 P. M., June 2, 1934, jointly with the other departments of the University located in Baltimore and at College Park. His Excellency, Albert C. Ritchie, Governor of Maryland, delivered the annual address, and Raymond A. Pearson, M.S., D.Agr., LL.D., President of the University, conferred the degrees and awarded the prizes.
