SCHOOL OF LAW**Introductory Statement**

The Law School of the University of Maryland is rated as an "Approved School" by the American Bar Association. It is also a member of the Association of American Law Schools, an organization whose purpose is the advancement of legal education, membership in which is dependent upon meeting and maintaining certain standards as to entrance requirements, faculty, library and curriculum.

It is the only school in Maryland which has been so recognized and which offers what is regarded by the bodies named as proper preparation for the practice of law or whose standards of admission and instruction are those recommended by them. In 41 jurisdictions, graduates of schools not substantially complying with those standards are not eligible to take the bar examinations; and in a substantial number of jurisdictions, recognition is now refused to law study in a school not fully approved by the American Bar Association.

The American Bar Association standards are set forth in the following resolutions, adopted in 1921, with the exception of 1 (f), which was adopted in 1938:

"(1) The American Bar Association is of the opinion that every candidate for admission to the Bar should give evidence of graduation from a law school complying with the following standards:

(a) It shall require as a condition of admission at least two years of study in a college.

(b) It shall require its students to pursue a course of three years' duration if they devote substantially all of their working time to their studies, and a longer course, equivalent to the number of working hours, if they devote only part of their working time to their studies.

(c) It shall provide an adequate library available for the use of the students.

(d) It shall have among its teachers a sufficient number giving their entire time to the school to insure actual personal acquaintance with the whole student body.

(e) It shall not be operated as a commercial enterprise and the compensation of any officer or member of its teaching staff shall not depend on the number of students or on the fees received.

(f) It shall be a school which in the judgment of the Council on Legal Education and Admissions to the Bar possesses reasonably adequate facilities and maintains a sound educational policy; provided, however, that any decision of the Council in these respects shall be subject to review by the House of Delegates on the petition of any school adversely affected.

"(2) The American Bar Association is of the opinion that graduation from a law school should not confer the right of admission to the Bar, and that every candidate should be subjected to an examination by public authority to determine his fitness.

"(3) The Council on Legal Education and Admission to the Bar is directed to publish from time to time the names of those law schools which comply with the above standards and those which do not, and to make such publications available so far as possible to intending law students."

The policy set forth in these resolutions has been consistently and vigorously adhered to in subsequent meetings of the American Bar Association. *The minimum admission requirement stated in 1 (a) was increased in 1950 to three years of college study, beginning in September, 1952.*

The standards of the Association of American Law Schools are substantially the same, being somewhat more exacting in some instances.

HISTORICAL SKETCH

The General Assembly of Maryland in 1812 authorized the College of Medicine of Maryland, founded in 1807, "to constitute, appoint and annex to itself three other colleges or faculties, viz., the Faculty of Divinity, the Faculty of Law, and the Faculty of Arts and Sciences," and declared that "the four colleges or faculties thus united should be constituted an University by the name and under the title of the University of Maryland." In pursuance of this authority the University was organized in 1813, and is thus one of the oldest chartered universities in America.

The first faculty of law was chosen in 1813, when David Hoffman was elected Professor of law. He published in 1817 "A Course of Legal Study Addressed to Students and the Profession Generally," which Justice Story in an article in the *North American Review* pronounced to be "by far the most perfect system for the study of law which has ever been offered to the public," and which recommended a course of study so comprehensive as to require for its completion six or seven years. Regular instruction in law was begun in 1823, but was suspended in 1836 for lack of proper pecuniary support. Hoffman's ideals of legal education were far in advance of his times and in consequence there were but few students able or willing to spend the time required by his course. In 1869 the Law School was reorganized, and in 1870 regular instruction therein was resumed. Its graduates now number more than thirty-five hundred, and include a large proportion of the past and present leaders of the bench and bar in the State, as well as many who have attained prominence in the profession elsewhere.

Two other schools, the Baltimore Law School and the Baltimore University of Law, were organized under charters granted by the State of Maryland. These two schools were subsequently consolidated under the name of the Baltimore Law School in 1911 and in 1913 the Baltimore

Law School was in turn merged into the Law School of the University of Maryland. On July 1, 1920, the University of Maryland at Baltimore and the Maryland State College at College Park were consolidated under the name of the University of Maryland.

BUILDING AND EQUIPMENT

The buildings of the Schools of Law, Medicine, Dentistry and Pharmacy of the University of Maryland are located in the vicinity of Lombard and Greene Streets, in the City of Baltimore, the Law School building being at the southeast corner of Redwood and Greene Streets. This building was erected in 1931 and is a three-story building of colonial design, devoted exclusively to law-school purposes. The first floor contains a large auditorium and practice court, students' lounge, the administrative offices and the women's locker room; on the second floor are four large class-rooms; the third floor is devoted to the reading-room, and offices and reading-room for the law faculty and Law Review staff; in the basement is the men's locker room. The entire west wing of the building is devoted to stack space, affording room for more than 50,000 volumes.

The Law Library now contains some 30,000 volumes. Included therein are several complete sets of the Maryland and Baltimore City reports; all the editions, official and unofficial, of the Supreme Court reports and inferior Federal courts; the National Reporter System and the reports of the Courts of last resort of all states prior thereto, as well as the published decisions of the more important inferior state Courts; the English Law Reports since 1865 and the English Reprint and English Common Law and Chancery Reports covering the period prior to that time; the various selected case series of annotated reports; the statute law of the United States, the several states, and Great Britain, as well as multiple sets of all Maryland codes and session laws; the American Digest System, the English and Empire Digest, and multiple sets of all Maryland Digests; a large collection of carefully selected textbooks and treatises; all of the leading legal periodicals, encyclopedias, citators and other search books. The library is open on weekdays for the use of the students from 9:00 A. M. to 10:30 P. M., and on Saturdays from 9:00 A. M. to 5:00 P. M.

ARRANGEMENT OF HOURS

The Law School is divided into two divisions, the Day School and the Evening School. The same curriculum is offered in each school, and the standards of work and graduation requirements are the same.

The normal Day School course covers a period of three years of thirty-two weeks each, exclusive of holidays.

The normal Evening School course covers a period of four years of thirty-six weeks each, exclusive of holidays. The class sessions are held on Monday, Wednesday and Friday evenings of each week from 6:30 to 10:00 o'clock, leaving the alternate evenings for study and preparation by the student.

REQUIREMENTS FOR ADMISSION

Candidates for Degree—Applicants for admission as candidates for a degree are required to produce evidence of the successful completion of at least three-quarters of the work acceptable for a bachelor's degree granted on the basis of a four-year period of study at an accredited college or university; to satisfy this requirement, applicants must normally have successfully completed at least 90 semester hours or 135 quarter hours of undergraduate work exclusive of credit earned in nontheory courses in military science, hygiene, domestic arts, physical education, vocal or instrumental music, or other courses without intellectual content of substantial value. *All prelegal work must have been passed with a scholastic average at least equal to the average required for graduation in the institution attended.*

The right is reserved to refuse admission to applicants with sufficient scholastic credit, whose presence in the School would, in the judgment of the Faculty Council, be detrimental to the best interests of the School.

Special Students. Candidates for Certificate of the School—A limited number of students, not exceeding ten per cent of the average number of students admitted as beginning regular law students during the two preceding years, applying for entrance with less than the academic credit required of candidates for the law degree, may be admitted as candidates for the certificate of the school, but not for the degree, where, in the opinion of the Faculty Council, special circumstances, such as the maturity and the apparent ability of the student, seem to justify a deviation from the rule requiring at least three years of college work. Applicants for admission as special students must be at least twenty-three years of age and must be specially equipped by training and experience for the study of law.

Application for admittance as a special student should be made as early as possible by letter, showing the age of the applicant, together with a detailed statement of attendance at educational institutions, and of the work therein completed and the work pursued by the applicant since leaving such educational institutions.

Admission to Advanced Standing—Students complying with the requirements for admission to the school who have, in addition, successfully pursued the study of law elsewhere in a law school which, at the time of such student's attendance, was either a member of the Association of American Law Schools or approved by the American Bar Association may, in the discretion of the Faculty Council, upon presentation of a certificate from such accredited law school showing honorable dismissal therefrom, and the successful completion of equivalent courses therein, receive credit for such courses and be admitted to advanced standing. *No student transferring from another law school will be admitted who is not in good scholastic standing at the school from which he transfers.* No degree will be conferred until after at least one year of residence and study at this school.

Prelegal Study—The School does not prescribe any particular undergraduate courses for admission. Proper preparation for the study of law is generally thought to depend not so much upon the specific courses taken by the prelegal student as upon the development of capacity to read and comprehend rapidly and accurately, to think precisely, to analyze complex fact situations, and to speak and write clearly and intelligently. Ordinarily a prelegal student would do well to follow a Bachelor of Arts or Science program with emphasis on courses in English, American and English history, economics, political science and government, and sociology. However, students differ widely in their tastes, and are well advised to concentrate primarily on subjects which they find of particular intellectual interest and stimulation.

Students planning to take the Maryland bar examination on completion of their law studies are required by the rules as to prelegal study of the Court of Appeals to include in their prelegal course at least eight semester hours of English and eight semester hours of history, economics or political science; in addition at least one year of Latin, at either high school or college, is required, for which four semester hours of advanced English may be substituted.

Times of Admission—Beginning students are admitted only once a year, at the opening of the fall semester in September. Applicants for admission to advanced standing may be admitted at the beginning of any semester.

Law School Admission Test—The Law School Admission Test is a legal aptitude test administered by the Educational Testing Service, which charges an examination fee of ten dollars. The test is not required for admission to the School. However, applicants with undergraduate scholastic averages not well above the minimum required for admission would be well advised to take it; application forms and information as to dates and administration of the test may be obtained by writing to the Educational Testing Service, P. O. Box 592, Princeton, N. J.

COMBINED PROGRAM OF STUDIES LEADING TO THE DEGREES OF BACHELOR OF ARTS OR BACHELOR OF SCIENCE AND BACHELOR OF LAWS

The University of Maryland offers combined programs in arts or business administration and law leading to the degrees of bachelor of arts or bachelor of science and bachelor of laws.

Students pursuing such combined programs in college and prelegal subjects will spend the first three years in either the College of Arts and Sciences or in the College of Business and Public Administration at College Park. They will then register in the Law School, and upon the successful completion of the work of the first year in the Day School, or the equivalent work in the Evening School, the degree of bachelor of

arts or bachelor of science will be awarded; a weighted average of at least C is required on law work submitted in satisfaction of the requirements for either of these degrees. Because the general university commencement in June takes place before the School of Law is prepared to release grades of the first-year class, these combined degrees will be conferred at the commencement following the candidate's second year of residence in the School of Law. The degree of bachelor of laws will be awarded upon the successful completion of the work prescribed for graduation in the School of Law.

Details of the combined courses are included in the catalogues of the College of Arts and Sciences and the College of Business and Public Administration; these may be obtained upon application to the Director of Publications, University of Maryland, College Park, Maryland.

REGISTRATION

All students are required, when entering for each session, to report in person at the office of the Secretary of the Law School and enroll. No registration will be allowed except by special action of the Dean after the last day for registration as designated in the calendar.

All students are expected to complete their registration including the filing of class cards and payment of bills on the regular registration days. Those who do not complete their registration during the prescribed days will be charged a fee of \$5.00.

VETERANS' EDUCATIONAL BENEFITS

The University is approved by the Veterans Administration for participation in the program of educational benefits provided for veterans under Public Laws 346 (the Servicemen's Readjustment Act of 1944 or "GI Bill"), 550 (the Veterans Readjustment Assistance Act of 1952) and 16 (the Vocational Rehabilitation Act).

A veteran planning to enter law school under any of these laws should file his application with the Veterans Administration as early as possible, in order that this may be approved before the veteran begins his law studies.

FEEES AND EXPENSES

The charges for instruction for resident students are as follows:

| | |
|---|---------|
| Application fee, to accompany application..... | \$ 7.50 |
| Matriculation fee, payable on first registration..... | 10.00 |
| Diploma fee, payable upon graduation..... | 15.00 |
| Tuition fee, per semester, residents of Maryland (Day School)..... | 100.00 |
| Tuition fee, per semester, non-residents of Maryland (Day School)..... | 125.00 |
| Tuition fee, per semester (Evening School)..... | 75.00 |
| Deficiency examination fee, per examination..... | 5.00 |
| Late registration fee..... | 5.00 |
| Student activities fee, per semester..... | 2.00 |

The tuition fee for each semester is payable at the time of registration therefor. Students wishing to make arrangements for deferred payment of tuition charges must do so with the Financial Office at or prior to registration for the semester for which such charges are imposed. Students carrying less than ten credit hours in the Day division or less than six credit hours in the Evening division will be charged on the basis of \$10.00 per semester hour carried; an additional fee of \$25.00 per semester will be charged such students in the Day division who are non-residents of Maryland.

DEFINITION OF RESIDENCE AND NON-RESIDENCE

Students who are minors are considered to be resident students if at the time of their registration their parents have been domiciled in this State for at least one year.

The status of the residence of a student is determined at the time of his first registration in the University, and may not thereafter be changed by him unless, in the case of a minor, his parents move to and become legal residents of this State by maintaining such residence for at least one full year. However, the right of the minor student to change from a non-resident to resident status must be established by him prior to the registration period set for any semester.

Adult students are considered to be residents if at the time of their registration they have been domiciled in this State for at least one year provided such residence has not been acquired while attending any school or college in Maryland or elsewhere.

The word domicile as used in this regulation shall mean the permanent place of abode. For the purpose of this rule only one domicile may be maintained.

REBATES

The matriculation fee is not subject to rebate. Other tuition charges will be rebated in case of withdrawal of a student during the course of a semester, in accordance with the following schedule:

| Period From Date Instruction Begins | |
|-------------------------------------|-----------|
| 2 weeks or less..... | 80% |
| Between 2 and 3 weeks..... | 60% |
| Between 3 and 4 weeks..... | 40% |
| Between 4 and 5 weeks..... | 20% |
| Over 5 weeks..... | No rebate |

In all cases of withdrawals from school, immediate notice in writing must be given to the Dean. *The effective date for withdrawals, so far as concerns refunds of tuition, is the date that such notice is received in the Dean's Office.*

SCHOLARSHIPS

Ashman Scholarships—Established in 1922 by Mr. Louis S. Ashman, an alumnus of the School of Law, who assigned to the Regents all royalties from the publication of his books on "Prayers and Instructions" and "Directed Prayers and Instructions" to provide a fund for the payment of a scholarship or scholarships to a student or students recommended by the Faculty Council as worthy to receive the same by reason of scholarly attainments and the need of financial assistance. The value of each scholarship is about \$150.00. In accordance with the donor's wishes, preference will be given to former servicemen in making such awards.

Alumni Association Scholarships—Established in 1953 by the Alumni Association. One or more scholarships carrying tuition will be awarded each year to students recommended by the Faculty Council.

Applications for scholarships must be filed with the Dean's office on or before July 1 of the school year for which scholarships are to be awarded.

REGISTRATION WITH THE COURT OF APPEALS AND ADMISSION TO THE BAR

Under the rules governing admission to the Bar in the State of Maryland, each applicant is required to register with the State Board of Law Examiners as a law student before beginning the study of law. Applicants for such registration must have completed, in addition to a high-school education or the equivalent, two years of work in a college approved by the Board of Law Examiners, or the equivalent. Application blanks for such registration may be procured from the Secretary by the student at the time of his registration in the Law School. A fee of \$25.00, payable to the State Board of Law Examiners must accompany each application for registration. *Such registration as a law student with the State Board of Law Examiners does not automatically qualify an applicant for admission to the Law School, for which compliance with the requirements set forth on page 9 is essential.*

Admission to the Bar is upon examination by the State Board of Law Examiners. The examinations are held in July and March each year, and embrace the following subjects: Agency, Conflict of Laws, Constitutional Law, Contracts, Corporations, Criminal Law, Domestic Relations, Equity, Evidence, Negotiable Instruments, Personal Property, Pleading and Practice at Law and in Equity, Administrative Law Including Public Service Companies, Real Property, Torts, and Testamentary Law. All of the required courses are included in the curriculum offered by the Law School.

Applicants for admission to the Bar must have studied law in the office of a member of the bar of this state, or in a law school of the United States and must file a petition with the State Board of Law

Examiners at least twenty days before the day fixed for the examination they wish to take. A fee of \$25.00, payable to the State Board of Law Examiners, must accompany each application for permission to take the bar examination.

Further information concerning the examination or matters relating to admission to the bar may be had upon application to Mr. Wilson K. Barnes, Secretary, State Board of Law Examiners, 900 Maryland Trust Building, Baltimore 2, Maryland.

EXAMINATIONS AND GRADES

Written examinations are held at the end of the course in all subjects except Practice Court and the Legal Aid Clinic. Unless excused by the Dean, all students must present themselves for examination in each subject for which they are registered at the first regular examination held therein in order to receive credit for such course. A student may not drop a course for which he is registered after the third week of the semester in which the course is first offered. A course may be audited only with the permission of the instructor. *Students dropping a course or changing from credit to audit must give immediate notice to the Dean's office. No student will be permitted to take the examination in any course unless he has attended at least 75 per cent of the lectures therein; nor may any student, without special permission from the Dean, carry in the Day School less than 12 nor more than 16 hours per week and, in the Evening School, less than 6 nor more than 10 hours per week.*

A student failing to present himself for examination in any course must report to the Dean as soon as the circumstances which caused the absence will permit. If the Dean is satisfied that the absence was justifiable (as if due to sickness or other exceptional circumstances) he will give permission for a deferred examination in place of the one missed; otherwise a grade of F will be entered. A fee of \$5.00 will be charged for every deferred examination, except that one fee will cover all deferred examinations due to the same cause.

The following grade symbols are used: A, signifying "excellent"; B, signifying "very good"; C, signifying "good"; D, signifying "passed"; F, signifying "failure"; I, signifying "incomplete." Of these, A, B, C, and D are passing grades, but a grade of D can be counted toward graduation only as hereinafter stated. For the purpose of computing the average grade of a student, the following values are assigned to the grades received: A equals 4; B equals 3; C equals 2; D equals 1; F equals 0.

The grade of I (incomplete) is given only to those students who have a proper excuse for failure to present themselves for examinations or to complete any other work that may be required by the instructor in any course. It is not used to signify work of inferior quality. It may be replaced later by a definite grade for the course, when the instructor therein is prepared to report it.

A student receiving a grade of less than C in any course, may, in the discretion of the instructor, take a re-examination therein, for the purpose of raising such grade, the grade received on such re-examination to be substituted for the original grade received, except with respect to eligibility for scholarship honors. Such re-examination, unless special permission is obtained from the Dean to the contrary, must be taken either at the next regular examination given in such course, or at the next deficiency examination period. Deficiency examinations are held prior to the opening of the school session in September of each year. Not more than one re-examination may be taken in any one course; if a student is not successful in raising his grade thereon, he may do so thereafter only by repeating the course.

In determining the eligibility of a student to continue in attendance at the school, a grade of F in a course of three or more semester hours shall constitute one failure, and a grade of F in a course of less than three semester hours shall constitute a half-failure. A student in the Day division having three or more failures, so computed, or a student in the Evening division having two and a half failures, so computed, is permanently excluded from the School and is not permitted to take re-examinations in the courses failed.

A student in the Day division having less than three failures, so computed, or a student in the Evening division having less than two and a half failures, so computed, and a weighted average below C, will be required to take deficiency examinations in the subjects failed; if on such deficiency examinations, he shall remove all failures and half-failures, he may continue with his class, subject to the conditions as to number of hours of D grades stated hereafter. If, after taking such deficiency examinations, he still is not eligible to continue with his class, he must elect either (1) to withdraw from the School; or (2) to continue on scholastic probation, taking assigned work only. A student with a weighted average of at least C, who has a mark of F in not more than one subject, shall be entitled to continue with his class without removing such failure by re-examination.

Except in the case of a student whose weighted average is at least C, students with the number of hours of D grades following on their records shall be ineligible to continue into the succeeding class, except after reducing such hours of D grades sufficiently by taking deficiency examinations: a first-year day student with more than nine semester hours; a second-year day student with more than fifteen semester hours; a first-year evening student with more than eight semester hours; a second-year evening student with more than twelve semester hours; a third-year evening student with more than sixteen semester hours. If, after taking such deficiency examinations, such a student is still not eligible to continue with his class, he must elect either (1) to withdraw from the School; or (2) to continue on scholastic probation, taking assigned work only.

A student electing to continue on scholastic probation, who fails to receive a grade of at least C in at least three-fourths of the work in which he is registered during the succeeding year, is permanently excluded from the School and is not permitted to take re-examinations in any course.

The Faculty Council reserves the right to require the withdrawal of any student whose continued presence would not, in the judgment of the Council, either because of low scholastic standing or other reasons, be of benefit to himself or would be detrimental to the best interests of the School.

REQUIREMENTS FOR GRADUATION

To be eligible for either the degree or the certificate, a student must have successfully completed courses totaling at least 80 semester hours, in at least three-fourths of which he must have received a grade of C or higher; provided, however, that a student who has failed in not more than one subject, may be allowed to graduate if his general weighted average, including such failure, is at least C.

HONORS AND PRIZES

A student who complies with the requirements for graduation and who attains in all work done in courses offered in the school, and presented for the degree, an average grade of not less than 3.15, may be recommended by the Faculty Council for Graduation with Honor.

Under the will of Mrs. W. Calvin Chesnut, the sum of \$1,000.00 was paid to the Regents of the University as an endowment, the annual income to be used for the purpose of giving a prize for good scholarship in a broad sense, to be determined by the Dean of the School of Law annually, to be known as the Elizabeth Maxwell Carroll Chesnut Prize.

The G. Ridgely Sappington Prize, established in memory of G. Ridgely Sappington, for many years a member of the Faculty of the School of Law, is awarded annually to the student doing the best work in the day division course in Practice, in which Mr. Sappington was the instructor at the time of his death.

The Edward H. Curlander Prizes are awarded annually to the students doing the best work in the courses in Testamentary Law and in Future Interests (Real Property III).

The Nu Beta Epsilon National Law Fraternity Prize was established in 1951 by the Alpha Chapter, founded at the University of Maryland School of Law in 1918. Law books are awarded annually to the student who is adjudged by the faculty editors of the *Maryland Law Review* to have submitted the most significant initial piece of legal writing for present publication in the *Review*. All students are eligible to compete for the award, but it is advisable to consult with the faculty editors before undertaking a project.

The Sam Allen Memorial Prize, established by the Day division class of 1950 in memory of their classmate, Harry Samuel Allen, is awarded annually to a member of the graduating class deemed to have demonstrated outstanding qualities of both leadership and scholarship.

The Lawyers Title Insurance Corporation of Richmond, Virginia, gives an award of \$100 or its equivalent in law books to the senior student judged by the faculty most proficient in the law of Real Property.

The editors of the United States Law Week offer a prize of a year's subscription to the student who, in the judgment of the faculty, makes the most satisfactory scholastic progress during his final school year.

ORDER OF THE COIF

The Order of the Coif is a national law-school honor society, founded to encourage scholarship and to advance the ethical standards of the legal profession, membership in which depends upon high scholastic attainments. Only those students standing among the first tenth of the senior class are eligible for membership. Elections of seniors to the Maryland Chapter of the Order are held during the last semester of the school year.

PRACTICE COURT

The Law School endeavors not only to equip its students with an accurate knowledge of legal principles, but also to train them in the application of that knowledge and to fit them for the practice of the law. To that end special care and thought are devoted to the conduct of the Practice Court, which is in session throughout the scholastic year.

The work of the Practice Court is designed to afford opportunity not only for the argument of law questions, but also for preparation and conduct of a case through all its stages as nearly as possible in accordance with the procedure in actual trial and appellate work.

A set of Court Rules has been adopted in accordance with which the students are required to prepare and file their pleadings and conduct their cases. Students are furnished with statements of facts, involving debatable principles of law, supposed to represent the claims of the respective parties to the litigation, from which they draft the necessary pleadings and prepare their cases for trial. They are also required to prepare and file trial briefs and appeal briefs.

The course is given in the third year of the Day School and the fourth year of the Evening School. In connection with the course instruction in Legal Ethics is offered. Except as herein otherwise provided, the course is required for graduation and attendance at all sessions of the Court by members of those classes is compulsory. There is no examination in this course, the grade of the student being based upon the work done in the Court. The grade thus attained by the student is treated in the same manner as the grade given on examination in other subjects, and the successful completion of the course gives the student credit toward his degree.

LEGAL AID CLINIC

By arrangement with the Baltimore Legal Aid Bureau, selected senior students, not exceeding twelve in any one semester, may substitute one semester's work at the Legal Aid Bureau for one semester of the Practice Court. Students taking clinic work are required to spend at least two afternoons a week at the Legal Aid Bureau, working under the supervision of a member of the Bureau staff. The work includes consultation with clients, interviews with witnesses, preparation of memoranda, examination of records of various kinds, and in general such work as a clerk in a general law office would be called upon to perform.

MARYLAND LAW REVIEW

The Maryland Law Review, appearing quarterly, is published by the Law School with the support and cooperation of the Maryland State Bar Association, the Bar Association of Baltimore City, and the Junior Bar Association of Baltimore City. *The Review* is devoted primarily to the discussion of Maryland law and of questions regarded as of particular interest to Maryland lawyers. Members of the Student Editorial Board may, upon the recommendation of the Faculty Editor of the *Law Review*, receive semester hour credit toward the degree of Bachelor of Laws, not to exceed a total of 4 semester hours and not to exceed 2 semester hours in any one year. Such credit may be substituted, *pro tanto*, for work in Practice Court. Selection for the Student Editorial Board is an honor, and an opportunity for training of high value in legal research. The governing Board of Trustees consists of a representative from the State Judiciary, representatives of the Bar Associations, the Dean of the Law School, and the Faculty Editor.

STUDENT ORGANIZATIONS

The Student Bar Association is the official student organization and is affiliated with the American Law Student Association, sponsored by the American Bar Association. All students are automatically members by virtue of registration and dues are included in the Student Activities fee. Its primary purpose is to acquaint students with problems of the profession, to foster professional ideals, and to bring about closer contact with the organized bar. During the course of the year, it sponsors lectures by members of the bench and bar on various legal and professional problems, as well as various social functions.

The Student Council functions as the executive board of the Student Bar Association and as a coordinating agency between the student body, the school administration and the faculty. Members are elected by vote of their respective classes; there is also a faculty advisor appointed by the Dean.

COMMENCEMENT

The Annual Commencement for the Session 1954-55 was held at College Park at 9:45 A. M., June 4, 1955, jointly with the other departments of the University. Dr. Vernon W. Lippard, Dean of the Yale University School of Medicine, delivered the annual address, and Dr. Wilson H. Elkins, President of the University, conferred the degrees and awarded certificates.
