UNIVERSITY OF MARYLAND SCHOOL OF LAW
1942 SUMMER SESSION Maryland Vertical
ACCELERATED WARTIME PROGRAM File

Beginning June, 1942, the University of Maryland School of Law will conduct a three-semester year, permitting the completion of the three-year Day School course in two calendar years and of the four-year Evening School course in three calendar years. In 1942 the Summer Semester will begin June 22nd, with registration on June 19th and 20th, and will end September 26th. The Fall Semester will begin September 28th in the Evening School and October 12th in the Day School.

Entering students may enroll at the beginning of any semester. Full programs of study will be offered each semester for students in all classes. Students who do not desire to accelerate their courses may omit the Summer semesters and complete their courses in the time normally required.

The purpose of this accelerated program is to offer an opportunity to students to complete all or a substantial part of their law study before entering military service. For those who are not eligible for military service, it offers an opportunity to shorten the time required for their professional training at a time when there is an unusual demand for legally trained men and women, both in private law offices and in the government service.
