New York 18, New York

Dear Thurgood:

I expect to be in New York Friday and Saturday on this week. At that time I should like to go over the University of Maryland cases with you and also let you look though the work that we have started on the Memorial Fund.

I expect to be staying at the Park Sheradon to attend Guild meetings, but I shall call you and see if there is some time that we can get together and go over the matters I have outlined above.

Sincerely yours,

Donald G. Murray
